

Career Development Center

We offer educational resources, developmental experiences and professional connections to empower campus students, distance students, and alumnae/i to discover their passion and live happy.

Get Connected

Our vision is to build relationships with and connections between students, alumnae/i, faculty, and employers that lead to transformational experiences and outcomes. Contact the CDC to learn how they can help you get connected!

Get Experience

Take advantage of opportunities to shadow professionals in careers of interest to you through our unique Supplemental Learning Experience (SLE) program. This is great preparation for an internship.

Online Resources

Career.smwc.edu – our online career center is available to you 24/7. Easy registration gives you access to a Resource Library, employer, job, and mentor databases, and links you to career announcements and events.

Events

Each semester offers opportunities to attend career-related campus events and information sessions. Free transportation is available for many off-campus career fairs and special field trips.

Personal Attention

Whether you are exploring career options, thinking of changing your major, planning for graduate school or searching for an internship or job, you'll find professional staff ready to guide you through the process.
