- All applicable notification and information requirements under §§ 106.40(b)(2) (referrals of students experiencing pregnancy or related conditions) and 106.44 (response to sex discrimination)
- The recipient's obligations under § 106.44;
- The recipient's grievance procedures under § 106.45, and if applicable § 106.46;
- How to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias; and

Application - § 106.11

- This part applies to every recipient and to all sex discrimination occurring under a recipient's education program or activity in the United States.
- For purposes of this section, conduct that occurs under a recipient's education program or activity includes but is not limited to conduct that occurs in a building owned or controlled by a student organization that is officially recognized by a postsecondary institution, and conduct that is subject to the recipient's disciplinary authority.
- A recipient has an obligation to address a sex-based hostile environment under its education program or activity, even when some conduct alleged to be contributing to the hostile environment occurred outside the recipient's education program or activity or outside the United States.

Extraterritoriality - § 106.11

- The Department emphasizes that a recipient does not have an obligation under Title IX to address sex discrimination occurring outside of the United States.
- However, nothing in these regulations prohibits a recipient from responding as appropriate under its existing code of conduct or other policies pertaining to study abroad programs
- If, while investigating and addressing a hostile environment under its education program or activity in the United States, a recipient seeks information about conduct that occurred in another country, nothing in these regulations preempts applicable privacy laws. Preamble, pp. 208-209

² **Quid Pro Quo Harassment** – an employee, agent, or other person authorized by the recipient to provide an aid, benefit, or service under the recipient’s education program or activity explicitly or impliedly conditioning the provision of such an aid, benefit, or service on a person’s participation in unwelcome sexual conduct. **Hostile Environment Harassment** – Unwelcome sex-based conduct that, based on the totality of the circumstances, is subjectively and objectively offensive and is so severe or pervasive that it limits or denies a person’s ability to participate in or benefit from the recipient’s education program or activity (i.e., creates a hostile environment). Whether a hostile environment has been created is a fact-specific inquiry that includes consideration of the following: (i) The degree to which the conduct affected the complainant’s ability to access the recipient’s education program or activity; (ii) The type, duration, and frequency of the conduct; (iii) The parties’ ages, roles within the recipient’s education program or activity, previous interactions, and other factor about each party that may be relevant to evaluating the effects of the conduct; (iv) The location of the conduct and the context in which the conduct occurred; and (v) Other sex-based harassment in the recipient’s education program or activity.

³ **Sexual Assault, Dating Violence, Domestic Violence, and Stalking** as defined in VAWA Amendments to the Clery Act.

 - (i) recipient must provide parties equal opportunity to access relevant and not impermissible evidence or **an investigative report or accurate description** (but if an **investigative report a description** is used, must give access to the evidence upon request);
 - **If an institution conducts a live hearing, it must provide the opportunity to review the evidence in advance of the live hearing; it is at the institution's discretion whether to provide the opportunity to respond prior to, during, or both prior to and during the live hearing;**
 - (ii) recipient must provide parties reasonable opportunity to respond to evidence/description of evidence;
 - (iii) recipient must take reasonable steps to prevent and address parties' unauthorized disclosure of information and evidence obtained solely through grievance procedures. Disclosures for purposes of administrative proceedings or litigation related to the complaint of sex discrimination are authorized
- **A postsecondary institution's sex-based harassment grievance procedures may, but need not, provide for a live hearing.**
 - If using a live hearing, it may conduct the live hearing with the parties physically present in the same geographic location.
 - At the institution's discretion, or upon the request of either party, the institution must conduct the hearing with the parties present in separate locations with technology enabling the decisionmaker and parties to simultaneously see and hear the person speaking.
 - **Must create an audio/audiovisual recording or transcript, of any live hearing and make it available to the parties for inspection and review.**
- Must provide a process enabling decisionmaker to question parties/witnesses to adequately assess credibility to the extent credibility is both in dispute and relevant to evaluating one or more allegations of sex discrimination
- **Questioning of parties and witnesses must take place consistent with the following provisions before determining whether sex-based harassment occurred:**
 - (i) Absent a live hearing, the process for proposing and asking relevant and not impermissible questions and follow-up questions of parties and witnesses, including questions challenging credibility, must allow:
 - (A) Investigator/decisionmaker to ask questions during individual meetings with a party/witness;
 - (B) Each party to propose questions they want asked of any party/witness, have those questions asked by investigator/decisionmaker during individual meetings, including follow-up meetings, with a party/witness; and
 - (C) Provide each party with an audio/audiovisual recording or transcript with enough time for the party to have a reasonable opportunity to propose follow-up questions.
 - (ii) If holding a live hearing, the process for proposing and asking relevant and not impermissible questions and follow-up questions of parties and witnesses, including questions challenging credibility, must allow the decisionmaker to ask such questions, and either:
 - (A) Allow each party to propose questions they want asked of any party/witness and have those questions asked by the decisionmaker; or
 - (B) Allow each party's advisor to ask any party or witness such questions. Such questioning must never be conducted by a party personally.
 - If a postsecondary institution permits advisor-conducted questioning and a party does not have an advisor, the postsecondary institution must provide the party with an advisor of the postsecondary institution's choice, without charge, for the purpose of advisor-conducted questioning. In those instances, the postsecondary institution must not appoint a confidential employee and may appoint, but is not required to appoint, an attorney to serve as an advisor.
- The decisionmaker must determine whether a proposed question is relevant and not impermissible **prior to the question being posed**, and must explain any decision to exclude a question as not relevant or impermissible. If a decisionmaker determines that a party's question is relevant and not impermissible, then the question must be asked except that a postsecondary institution must not permit questions that are unclear or harassing of the person being questioned. The decisionmaker must give a party an opportunity to clarify or revise a question that the decisionmaker has determined is unclear or harassing and, if the party sufficiently clarifies or revises a question, the question must be asked. A postsecondary institution may adopt and apply other reasonable rules regarding decorum, provided they apply equally to the parties.
- A decisionmaker may place less or no weight upon statements by a person who refuses to respond to relevant and not impermissible questions. The decisionmaker must not draw an inference about whether sex-based harassment occurred based solely on a person's refusal to respond to questions.
- Following an investigation and evaluation of all relevant and not impermissible evidence, a recipient must:
 - (i) use the preponderance standing, unless clear and convincing is used in all other comparable proceedings;
 - (ii) **simultaneously** notify parties in writing of determination as to whether **sex-based harassment S.D.** occurred, rationale, and appeal procedures;
 - (1) **The written determination must include:**
 - (i) A description of the alleged sex-based harassment;
 - (ii) Information about the policies and procedures that the postsecondary institution used to evaluate the allegations;
 - (iii) The decisionmaker's evaluation of the relevant and not impermissible evidence and determination whether S.B.H. occurred;
 - (iv) When the decisionmaker finds that sex-based harassment occurred, any sanctions the institution will impose on the respondent, whether remedies other than imposition of sanctions will be provided to the complainant, and, to the extent appropriate, other students identified by the postsecondary institution to be experiencing the effects of the sex-based harassment; and
 - (v) The postsecondary institution's procedures for the complainant and respondent to appeal.
 - (2) **The determination regarding responsibility becomes final either on the date that the postsecondary institution provides the parties with the written determination of the result of any appeal, or, if no party appeals, the date on which an appeal would no longer be considered timely.**
 - (iii) if there is a determination that sex discrimination occurred, TIXC must (a) coordinate the provision and implementation of remedies to complainant and others identified as having had equal access to the E.P.A. limited or denied by sex discrimination, (b) coordinate implementation of sanctions on respondent, (c) take other appropriate prompt and effective steps to ensure S.D. does not continue or recur within the E.P.A.
 - (iv) not discipline a party/witness for false statements based solely on determination whether S.D. occurred
- A recipient must offer the parties an appeal from a determination whether sex-based harassment occurred, and from an institution's dismissal of a complaint or any allegations therein, on the following bases: **process that, at a minimum, is the same as it offers in all other comparable proceedings (including proceedings relating to other discrimination complaints).**
 - (i) Procedural irregularity that would change the outcome;
 - (ii) New evidence that would change the outcome and that was not reasonably available when the determination or dismissal was made; and
 - (iii) The Title IX Coordinator, investigator, or decisionmaker had a conflict of interest or bias that would change the outcome.
- A postsecondary institution may offer an appeal to the parties on additional bases, so long as the procedures and additional bases for appeal are equally available to all parties. May offer informal resolution. If informal resolution is offered, the institution must inform the parties in writing of the offer and their rights and responsibilities in the informal resolution process and otherwise comply with the provisions of § 106.44(k)(3) (related to informal resolution) in writing.

JUSTIFICATION FOR EXPANDED REPORTING OBLIGATIONS

“The Department shares the **serious concern** of stakeholders and commenters that the definition of actual knowledge in **the 2020 amendments could permit a recipient to ignore** sexual harassment simply because allegations of harassing conduct were not reported to “the right” employee.”

Title IX Regulations, Preamble, p. 33561.

JUSTIFICATION FOR EXPANDED REPORTING OBLIGATIONS

“Indeed the 2020 amendments **created a troubling gap** in implementing Title IX’s prohibition on sex discrimination: a recipient’s employee could have information about **possible sex discrimination** in a recipient’s education program or activity, yet the recipient could have no obligation to take any action to address it **unless a formal complaint was filed** or the recipient’s **Title IX Coordinator otherwise became aware** of it, **leaving conduct that violated Title IX to go unredressed by recipients.**”

2024 Title IX Regulations, Preamble p. 33561

JUSTIFICATION FOR EXPANDED REPORTING OBLIGATIONS

“The Department has concluded that **Title IX does not permit a recipient to act merely without deliberate indifference** and otherwise allow sex discrimination to occur. Rather, **in the administrative enforcement context**, in which the Department is responsible for ensuring that its own Federal funds are not used to further discrimination, the Department **expects recipients to fully effectuate Title IX.**”

Blocking Enforcement of

A federal judge in Louisiana is the first in the nation to block the Education Department's final Title IX rule, which prohibits discrimination based on gender identity and sexual orientation.

— The preliminary injunction blocks the Education Department's rule from taking effect in August in Louisiana, Mississippi, Montana and Idaho

— Western District of Louisiana Chief Judge Terry Doughty said Title IX, a federal education law that bars sex-based discrimination, "was written and intended to protect biological women from discrimination."

— "Such purpose makes it difficult to sincerely argue that, at the time of enactment, 'discrimination on the basis of sex' included gender identity, sex stereotypes, sexual orientation, or sex characteristics," wrote Doughty, a Trump appointee. "Enacting the changes in the Final Rule would subvert the original purpose of Title IX."

— The ruling effectively ties the agency's hands when it comes to enforcement action against schools in these states to protect transgender students from discrimination.

CHARLESTON, W.Va. (WBOY) — A preliminary injunction has been granted in a lawsuit that West Virginia is a part of against the Biden Administration's

Injunction Granted

West Virginia, Tennessee and Kentucky led State of Tennessee, et al., V. Miguel Cardona, and Ohio, **Indiana** and Virginia joined as plaintiff states. The injunction is limited to the six plaintiff states.

“The new rule contravenes the plain text of Title IX by redefining ‘sex’ to include gender identity, violates government employees’ First Amendment rights, and is the result of arbitrary and capricious rulemaking.”
Opinion, June 17, 2024, pp. 1-2.

“The Department would turn Title IX on its head by redefining ‘sex’ to include gender identity. But ‘sex’ and ‘gender identity’ do not mean the same thing. The Department’s interpretation conflicts with the plain language of Title IX and therefore exceeds its authority to promulgate regulations under that statute.” Opinion, June 17, 2024, pp. 91-92.

Students and 106.46

Accordingly, the Department continues to believe that the requirements of § 106.46 afford protections that are appropriate to the age, maturity, independence, needs, and context of students at postsecondary institutions.

- Younger
- Newly independent
- Would benefit from additional procedural requirements
- Not all can self advocate
- Not entitled to parent/guardian/other legal representative
- May lack additional rights that employees have

Students and 106.46

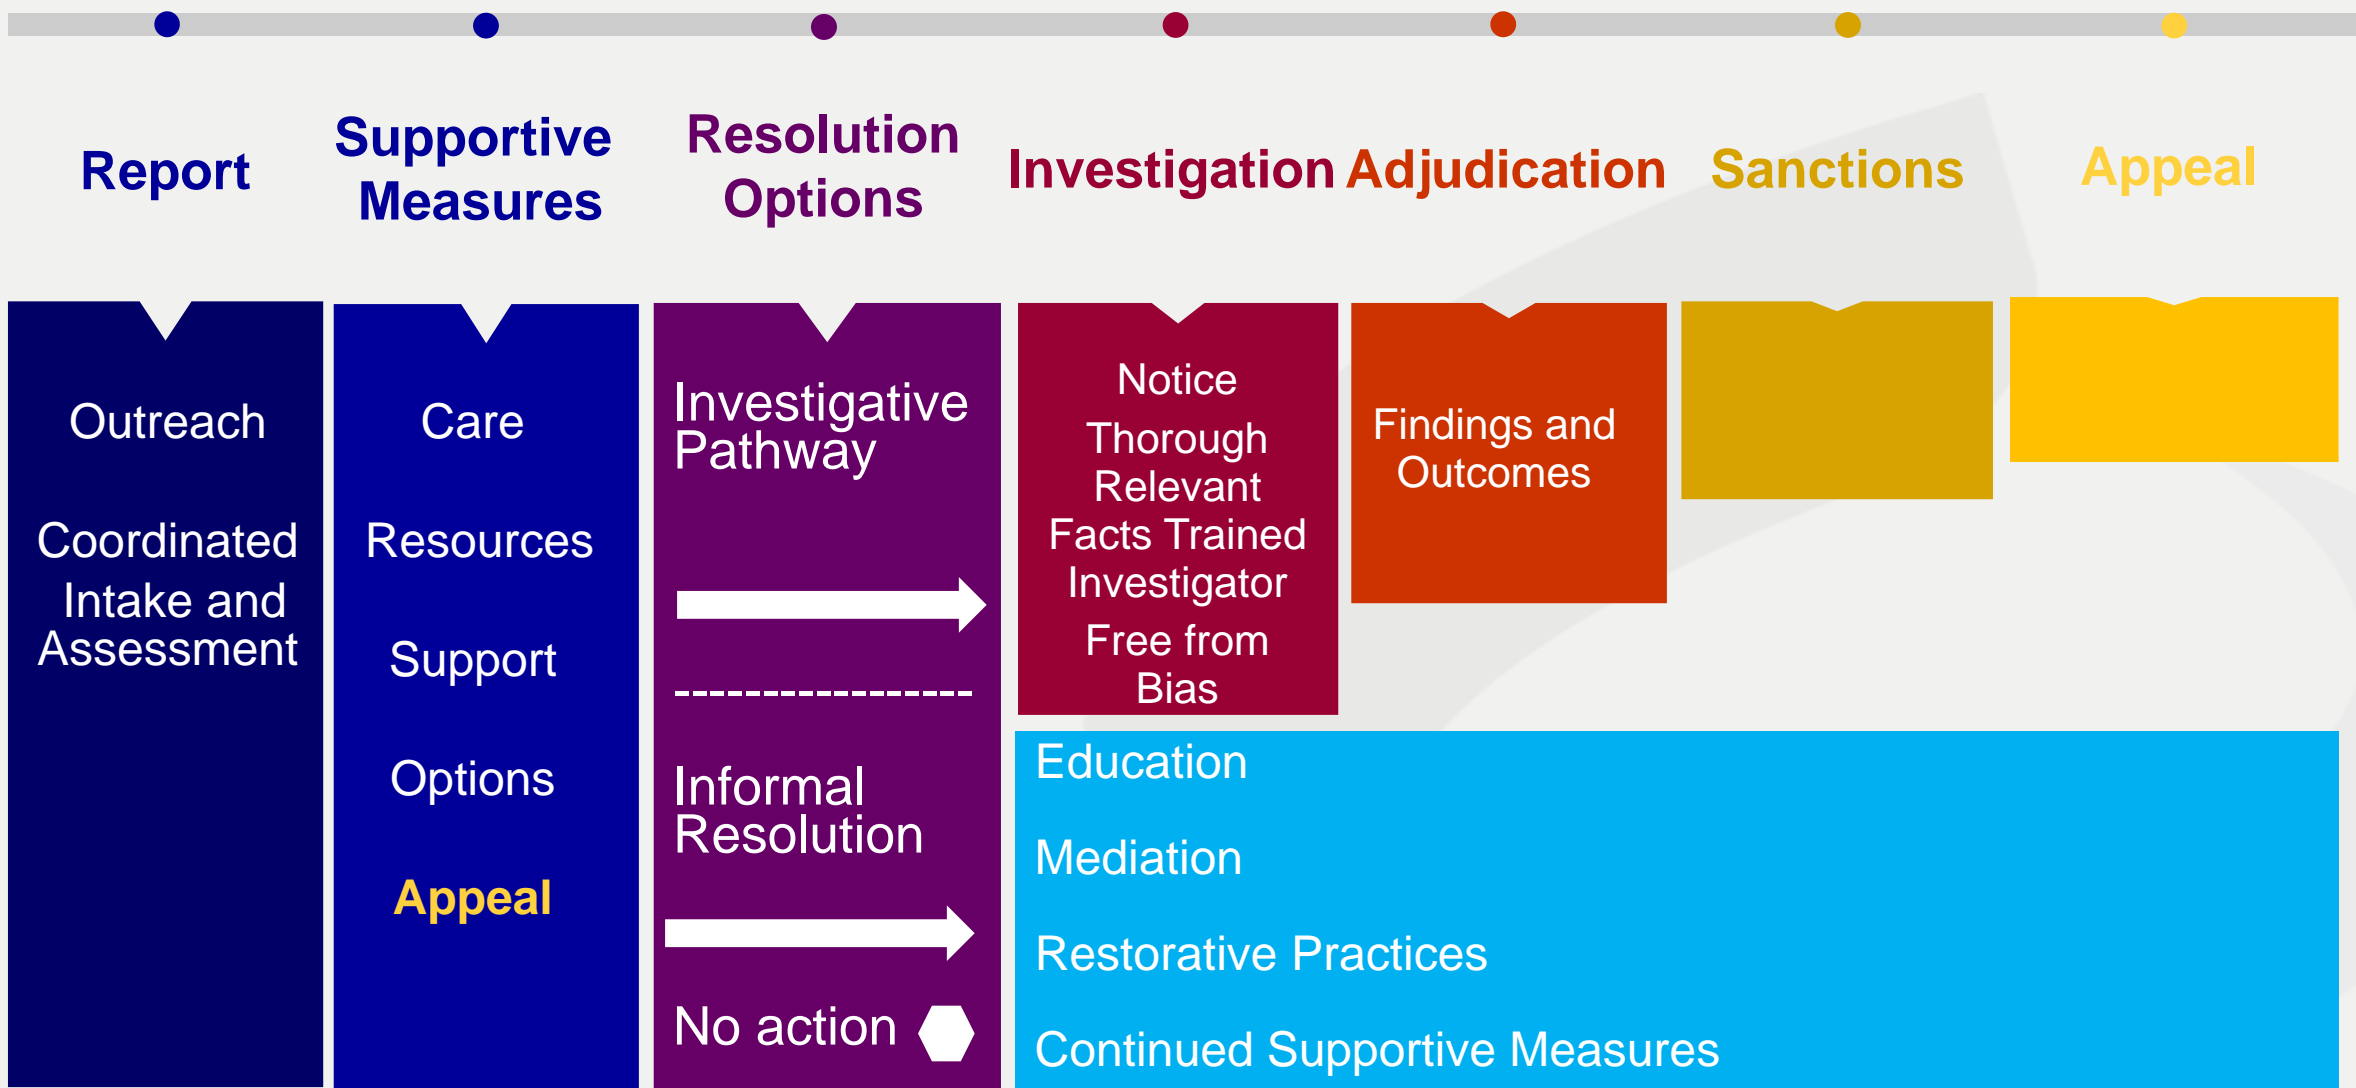

The Department also views the additional provisions of § 106.46 as **necessary** to address postsecondary sex-based harassment complaints, which often allege conduct that is:

- highly personal and
- of a different nature than other types of alleged sex discrimination and
- which typically require greater participation by a complainant and respondent in grievance procedures than other complaints of sex discrimination.

Students and 106.46

Affording additional procedural requirements for postsecondary students is also consistent with the Department's understanding of, and commitment to, **due process** as dictated by the particular circumstances.

WHEN A REPORT IS MADE ...

Penalties

- The Department disagrees that voluntary resolution agreements are inadequate to deter recipients from committing additional Title IX violations. In the Department's experience, these resolution agreements have proven effective in correcting Title IX violations. In addition, if a recipient fails to comply with a voluntary resolution agreement, the Department may take additional actions to address non-compliance with Title IX, including the **initiation of administrative proceedings to suspend, terminate, or refuse to grant or continue Federal financial assistance or refer the case to the U.S. Department of Justice** for judicial proceedings to enforce any rights of the United States. OCR details the entirety of its enforcement process, including the process the Department must follow prior to termination of Federal financial assistance, in its Case Processing Manual.
- The Department clarifies that recipients are bound by Title IX and this part **as a condition of their eligibility for Department funding**. The Department emphasizes that it cannot pursue termination of Federal financial assistance or refer a matter to the Department of Justice unless a recipient refuses to voluntarily correct a violation after the Department has notified the recipient of the violation. See 20 U.S.C. 1682; 34 CFR 100.8.

Penalties

- In connection with suggestions regarding additional penalties for recipients for Title IX violations, the Department's enforcement authority under 20 U.S.C. 1682 and as set forth in 34 CFR 100.8 (incorporated in § 106.81) provides that **the Department may seek compliance “by the suspension or termination of or refusal to grant or to continue Federal financial assistance or by any other means authorized by law.”** Remedial action required of a recipient for violating Title IX or these final regulations may therefore include any action consistent with 20 U.S.C. 1682, and may **include equitable and injunctive actions as well as financial compensation to a complainant, as necessary** under the specific facts of a case.

2024 Title IX Regulations Preamble, p. 33848.

Preemption Reminder

- Section 106.6(b) makes clear in a simple and comprehensive statement that Title IX and its implementing regulations “**preempt any State or local law with which there is a conflict.**”

2024 Title IX Regulations, Preamble, p. 33542

2020 REGULATIONS REDUX

2020 Regulations Formally Incorporate Sexual Harassment as a Form of Sex Discrimination

- Title IX obligations related to **sexual harassment as a form of sex discrimination** had not been formally addressed in the regulations
- “These final regulations impose, for the first time, **legally binding rules** on recipients with respect to responding to sexual harassment.”

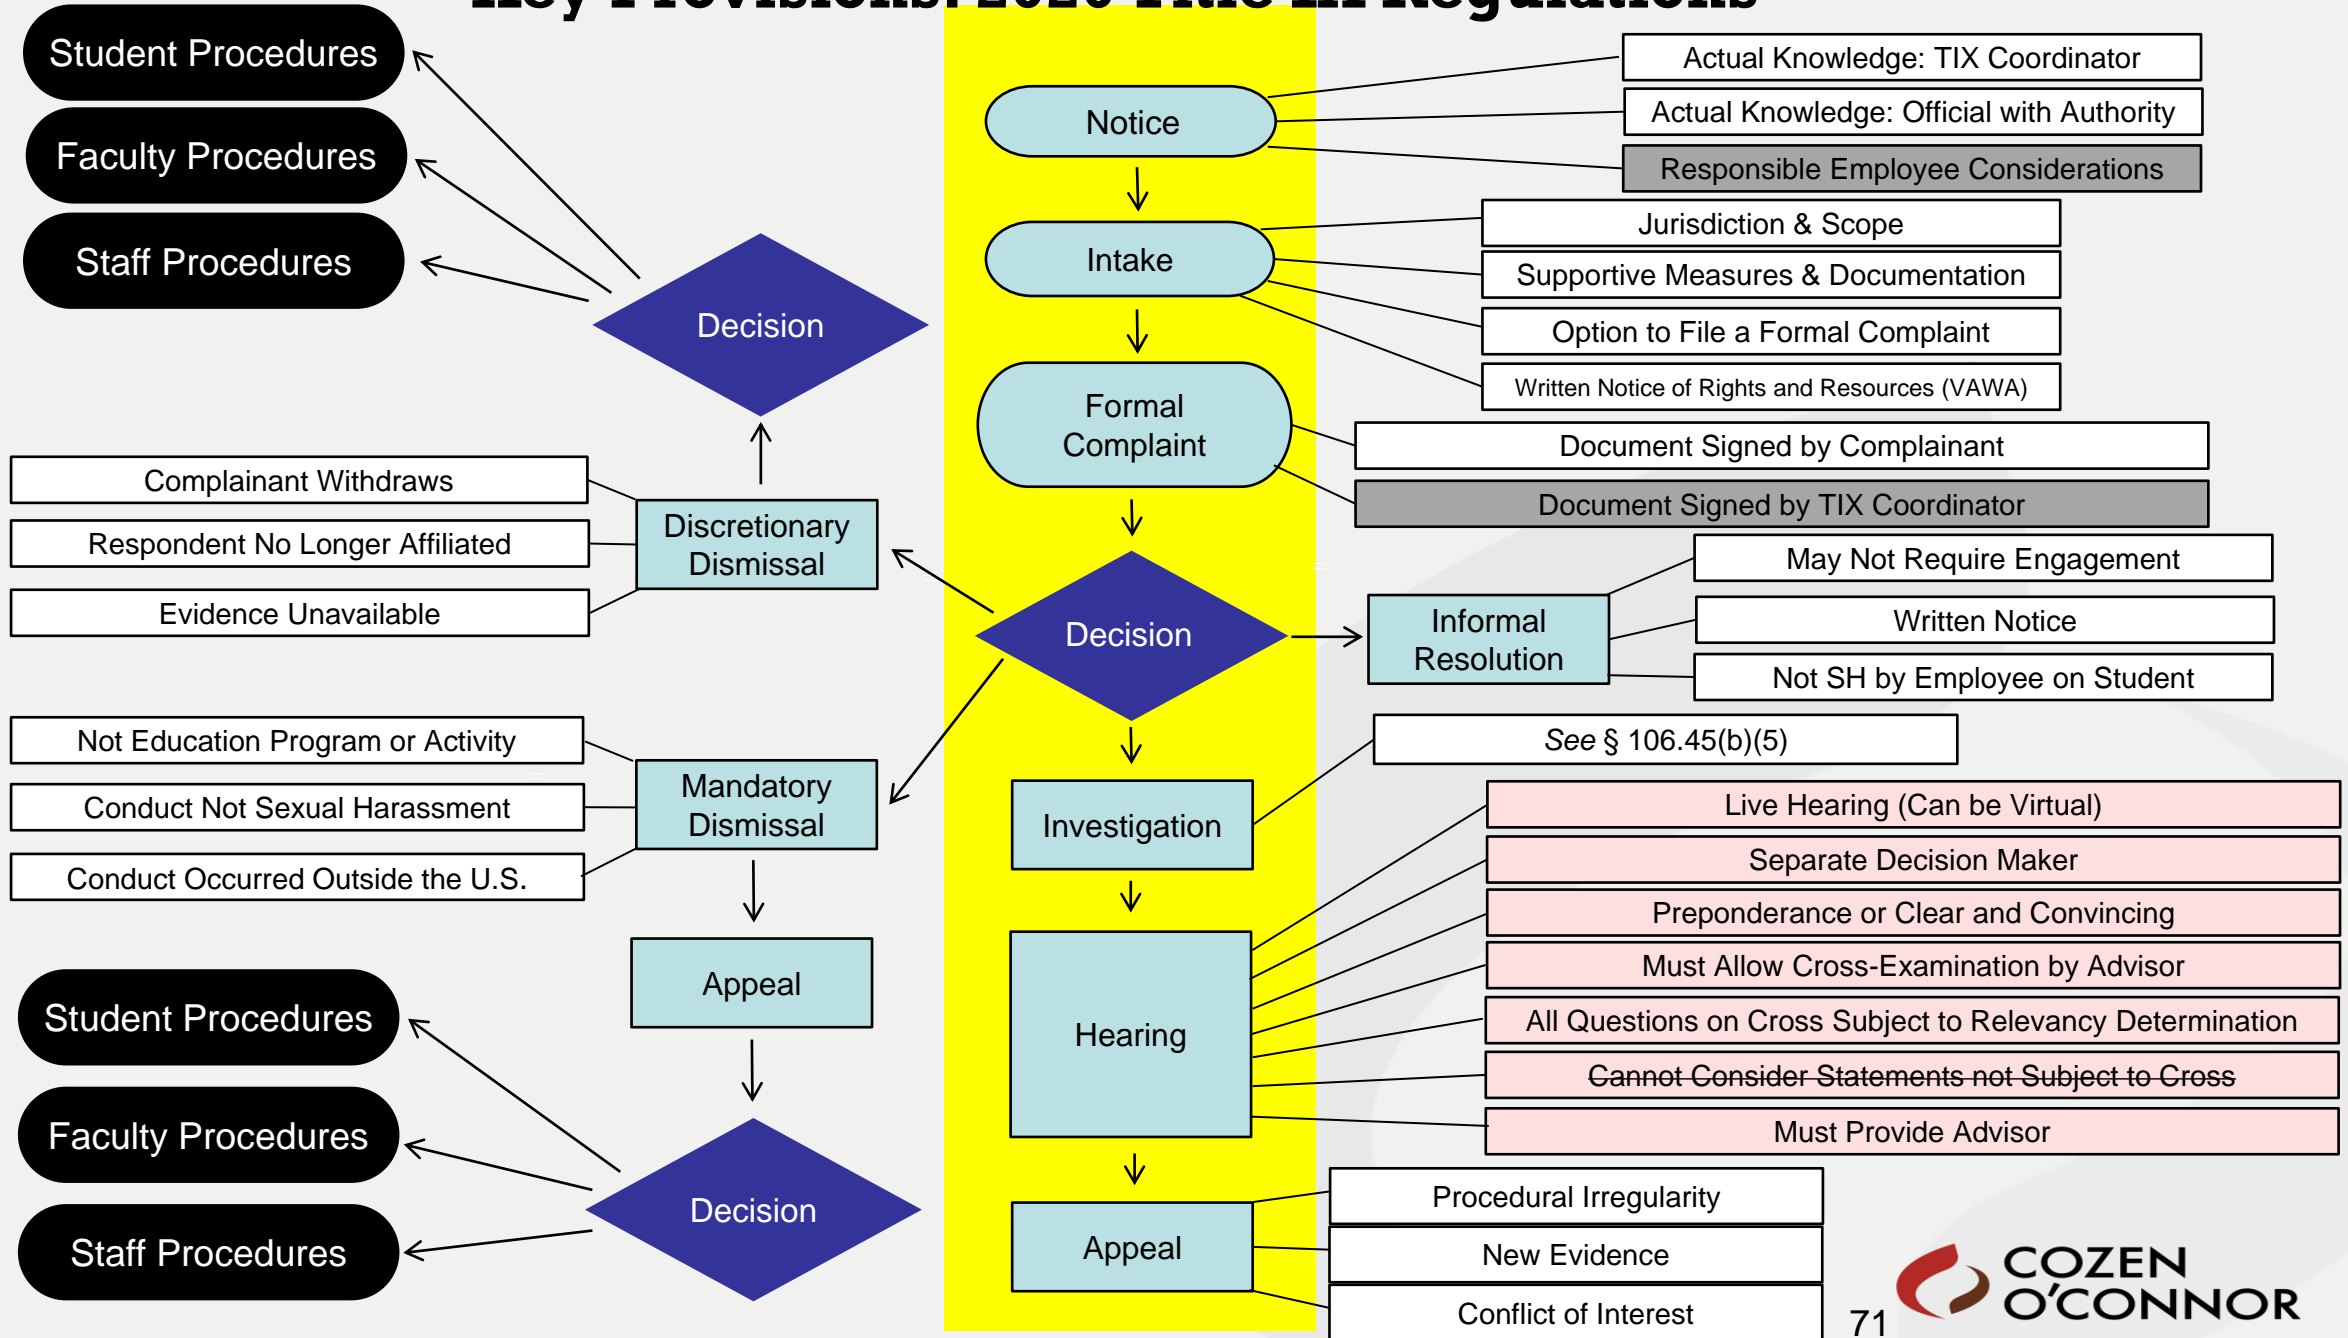

2020 Regulations: “Legally Binding Obligations”

- “Because these final regulations represent the Department’s interpretation of a recipient’s legally binding obligations, **rather than best practices**, recommendations, or guidance, these final regulations focus on **precise legal compliance requirements** governing recipients.”

2020 Regulations: “Best Practices”

- “These final regulations leave recipients the **flexibility to choose to follow best practices and recommendations** contained in the Department’s guidance, or similarly, best practices and recommendations made by non-Department sources, such as Title IX consultancy firms, legal and social sciences scholars, victim advocacy organizations, civil libertarians and due process advocates and other experts.”

Key Provisions: 2020 Title IX Regulations

2024 REGULATIONS: DEFINITIONS AND SCOPE

Scope of Sex Discrimination

[“]Discrimination on the basis of sex[”] includes discrimination on the basis of sex stereotypes, sex characteristics, pregnancy or related conditions, sexual orientation, and gender identity.

2024 Title IX Regulations § 106.10

“Sex-based harassment” means sexual harassment and other harassment on the basis of sex, including on the bases described in 34 CFR § 106.10, that is:

- (1) Quid pro quo harassment;
 - (2) Hostile environment harassment;
- or
- (3) Specific offenses:
 - (i) Sexual assault

- Includes, but is not limited to:
 - conduct that occurs in a building owned or controlled by a student organization that is officially recognized by a postsecondary institution, and
 - conduct that is subject to the recipient's disciplinary authority.
- A recipient has an obligation to address a sex-based hostile environment under its education program or activity, even when some conduct alleged to be contributing to the hostile environment occurred outside the recipient's education program or activity or outside the United States.

2024 REGULATIONS: INSTITUTIONAL KNOWLEDGE

106.44(a): General

- A recipient with knowledge of conduct that reasonably may constitute sex discrimination in its education program or activity must respond promptly and effectively; and
- A recipient must also comply with this section to address sex discrimination in its education program or activity.

What Is “Knowledge?”

- Actual knowledge is dead
- Not constructive (i.e., not “knew or should have known”)
- Knowledge to any employee creates institutional duties
- “The recipient also has duties before [the Title IX Coordinator has knowledge of conduct that reasonably may constitute sex discrimination]”
 - Must require all non-confidential employees to comply with notification requirements
 - Must require all confidential employees to comply with § 106.44(d) (providing information about Title IX Coordinator identity and role)

Barriers to Reporting 106.44(b)

- A recipient must require its Title IX Coordinator to:
 - Monitor the recipient’s education program or activity for barriers to reporting information about conduct that reasonably may constitute sex discrimination
 - Take steps reasonably calculated to address such barriers

Barriers to Reporting

- What do barriers look like?
 - Inaccessible complaint reporting process
 - Confusing grievance procedures that lack transparency
 - Difficult-to-reach Title IX Coordinators
 - Staff who discourage individuals from making reports

 - Grievance procedures in which individuals have little confidence due to delays or perceived bias

2024 Title IX Regulations § 106.44(b); Preamble p. 33564

Monitoring Barriers

- What is monitoring?
 - Regular campus climate surveys
 - Seeking targeted feedback
 - Participating in public awareness events
 - Regularly publicizing and monitoring an email address designated for receiving anonymous feedback
 - Monitoring can be delegated
- Use multiple strategies to ensure identification of barriers for all populations, particularly those who may face additional barriers to reporting, including students with disabilities or persons with limited English proficiency.

2024 Title IX Regulations § 106.44(b); Preamble, p. 33547

Monitoring Barriers

- What isn't monitoring?

- Not expected to monitor students' online activity, including social media
- Not required to monitor the academic discourse of students or teachers
- However, when you become aware...

2024 Title IX Regulations § 106.44(b)

Addressing Barriers

- “Take Steps Reasonably Calculated to Address”
- Tailored to the specific impediments and obstacles identified, and choose strategies that work best given factors unique to institution
- Trainings
 - Targeted at a particular academic department or other subdivision
 - In-depth training for specific program staff
 - Widespread training for staff and students

Addressing Barriers

- Other Examples
 - More frequent and prominent publication of the Title IX Coordinator's contact information
 - Relocation of the Title IX Coordinator's office to a more visible, central, and accessible location
 - Provision of adequate staff for the Title IX Coordinator's office
 - Enhanced training for employees with Title IX responsibilities, including training to ensure that they are free of conflicts of interest and do not discourage reporting
 - Development and circulation of user-friendly Title IX materials
- Can be delegated

2024 Title IX Regulations § 106.44(b); Preamble, p. 33565

Prohibited Disclosures

- Must not disclose personally identifiable information, except:
 - When the recipient has obtained prior written consent
 - When the information is disclosed to a parent, guardian, or other authorized legal representative with the legal right to receive disclosures on behalf of the person whose personally identifiable information is at issue
 - As required by Federal law, Federal regulations, or Federal grants
 - To the extent not in conflict, with state mandatory reporting laws

2024 Title IX Regulations § 106.44(j)

Prohibited Disclosures

- To carry out its Title IX duties:
 - A recipient may inform a professor of a supportive measure that a student is receiving that is related to the professor's classroom to ensure its implementation, but the recipient would not be permitted to disclose personally identifiable information about any related complaint of sex-based harassment that is not necessary to implement the supportive measure, unless the student whose personally identifiable information is at issue provided their prior written consent or one of the other exceptions is applicable.

2024 REGULATIONS: REPORTING RESPONSIBILITIES

Confidential Employees Revisited

- An employee of a recipient whose communications are privileged or confidential
- An employee designated as confidential to provide services to persons related to sex discrimination
 - “The Department declines to require recipients to designate confidential employees”
- An employee of a postsecondary institution who is conducting an Institutional Review Board-approved human-subjects research study designed to gather information about sex discrimination

2024 Title IX Regulations § 106.2(a)

Nonconfidential Employees

- Any nonconfidential employee who either
 - Has authority to institute corrective measures on behalf of the recipient
 - Has responsibility for administrative leadership, teaching, or advising in the recipient's education program or activity
- Must notify the Title IX Coordinator when the employee has information about conduct that reasonably may constitute sex discrimination

Nonconfidential Employees

- All other Nonconfidential Employees must either:
 - Notify the Title IX Coordinator when the employee has information about conduct that reasonably may constitute sex discrimination, OR
 - Provide the contact information of the Title IX Coordinator and information about how to make a complaint of sex discrimination

Nonconfidential Employees

- Does not require more than stating that the Title IX Coordinator will provide information about the grievance procedures, supportive measures, and how to make a complaint of sex discrimination.
- The Department also notes that a recipient may delegate with oversight, but can not avoid compliance with § 106.44(c) by requiring reporting to an external third party, as it must still ensure that the report reaches the Title IX Coordinator.

Nonconfidential Employees

- Speculative risk of an investigation of conduct that may not reasonably constitute sex discrimination outweighs [error in regulations?] the benefit of ensuring that the Title IX Coordinator learns of conduct
- The recipient can decide for the employee its reporting obligations or allow the employee to decide which of the two options
- Recipient can make mandatory reporting for all employees

2024 Title IX Regulations § 106.44(c)

Nonconfidential Employees

- An employee who witnesses sex discrimination must report
- The requirements do not apply to an employee who has personally been subject to conduct that reasonably may constitute sex discrimination.
 - Designed to protect Complainant autonomy
- Employees must report even if it means disclosing the victim's orientation, gender identity, or pregnancy

Confidential Employees

- The institution must provide contact information
 - Do not need to identify confidential employees
 - This does not apply to the survey definition
- Not required to designate or identify employees
- Must be an actual employee
- Might still have to report if required by other law and not in conflict with Title IX
- May **NOT** be appointed by the institution as advisors in a Title IX grievance procedure
 - § 106.46(f)(1)(ii)(B) “In the instances in which a postsecondary institution is required to appoint an advisor to ask questions at a live hearing, the postsecondary institution must not appoint a confidential employee”

Confidential Employees

- Must explain status as a confidential employee and the circumstances they would not make a report to the Title IX Coordinator (must be in role as confidential employee)
- How to contact the Title IX Coordinator and make a complaint
- That the Title IX Coordinator may be able to offer supportive measures, initiate an informal resolution process or investigation under the grievance procedures
- Nothing prohibits Title IX Coordinator from delegating the ability for confidential employees to offer and coordinate supportive measures.
- How to enforce these obligations without breaching confidentiality? Self Attestation. Why risk a violation?
- Survey designation is exempt from these obligations.

2024 Title IX Regulations § 106.44(d)

Confidential Employees

- Other Considerations
- Nothing prohibits a Title IX Coordinator from delegating the ability for confidential employees to offer and coordinate supportive measures
- Enforcement without breaching confidentiality?
- Self Attestation. Remember – failure to inform = violation
- Survey category is exempt from these obligations regarding the providing of this information

IT DEPENDS

Public Awareness Events

- General Rule: a postsecondary institution is not obligated to act in response to information about sex-based harassment that is provided at an on-campus or online institution-sponsored public awareness event to raise awareness about sex-based harassment (e.g., Take Back the Night)
 - Even if the institution does not act, it must use the information to inform its efforts in preventing sex-based harassment, including specific trainings at particular programs where sex-based harassment might be occurring
 - Neither Title IX Coordinators nor employees are obligated to attend public awareness events, but if employees attend and learn information about sex-based harassment, they are obligated to report it to the Title IX Coordinator.
- Exception:
 - The institution is required to act if there is an imminent threat to the health or safety of the complainant, any students, employees, or other persons.

Public Awareness Events

- For information about sex-based harassment that is provided at off-campus events, on social media, or in academic assignments, ordinary employee reporting obligations apply.
- Limited to sex-based harassment (not sex discrimination)
- Employees must report. The Title IX Coordinator will then evaluate whether there is an imminent threat.
- Information shared at a public awareness event may still trigger other state or federal reporting obligations.

2024 REGULATIONS: COMPLAINTS

What is a Sex Discrimination Complaint?

- An oral or written request to the recipient that objectively can be understood as a request for the recipient to investigate and make a determination about alleged discrimination under Title IX or its regulations.

Who Can Make a Complaint?

1. Student;
2. Employee;
3. Non-student or non-employee who was allegedly subjected to sex discrimination under Title IX at a time when individual was participating or attempting to participate in school's education program or activity;
4. Parent, guardian, or other legal representative with right to act on behalf of Complainant; and/or
5. Title IX Coordinator.

2024 Title IX Regulations § 106.45(a)(2)

When a Complaint Advances

- A Complainant may make a complaint even if they have chosen to leave the institution as a result of that discrimination or for other reasons. §§ 106.2 and 106.45(a)(2).
- In the absence or withdrawal of a complaint, and in the absence or termination of an informal resolution process, the Title IX Coordinator may initiate a complaint if the conduct presents an imminent and serious threat to someone's health or safety or prevents the recipient from ensuring equal access based on sex to its education program or activity. § 106.44(f)(1)(v)–(vi).
 - Regarding the above, the Title IX Coordinator must make a fact-specific determination that considers certain factors. § 106.44(f)(1)(v)(A).

Dismissal of a Complaint

- A recipient may dismiss a complaint of sex discrimination for any of the following reasons:
 - Inability to identify the Respondent;
 - The Respondent is not participating in the education program or activity and is not an employee;
 - Complainant voluntarily withdraws the allegations, the Title IX Coordinator declines to initiate a complaint, and without the withdrawn allegations, the conduct would not constitute sex discrimination even if proven; or
 - The conduct alleged—and as clarified through reasonable efforts—would not constitute sex discrimination even if proven.
- Steps upon dismissal:
 - Notification of the dismissal and rationale to the parties who know about the allegations
 - Must provide Complainant with opportunity to appeal dismissal

2024 REGULATIONS: SUPPORTIVE MEASURES

Supportive Measures

- Non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, without unreasonably burdening the complainant or respondent, and without fee or charge
- Designed to restore or preserve equal access to the recipient's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the recipient's educational environment; OR
- Provide support during grievance procedures or informal resolution

2024 Title IX Regulations § 106.44(g)

Supportive Measures

- For allegations of sex discrimination other than sex-based harassment or retaliation, a recipient's provision of supportive measures does not require the recipient, its employee, or any other person authorized to provide aid, benefit, or service on the recipient's behalf to alter the alleged discriminatory conduct for the purpose of providing a supportive measure
- This change does not mean that a supportive measure provided to one party cannot impose any burden on the other party; rather, that supportive measures cannot impose an unreasonable burden on the other party.

Supportive Measures

- May be delegated, but Title IX coordinator retains oversight
- Department declines to require confidential employees to be responsible for offering and coordinating supportive measures.
- The provision of supportive measures is part of a recipient's responsibilities under Title IX. As confidential employees must keep the information they receive confidential, they are not well situated to be responsible for offering and coordinating the provision of supportive measures through other offices or individuals on behalf of the recipient.

Supportive Measures

Supportive measures may vary depending on reasonable availability

- Counseling
- Extensions of deadlines and other course-related adjustments
- Campus escort services
- Increased security and monitoring of certain areas of the campus
- Restrictions on contact applied to one or more parties
- Leaves of absence;
- Changes in class, work, housing, or extracurricular or any other activity, regardless of whether there is or is not a comparable alternative;
- Training and education programs related to sex-based harassment

Supportive Measures

- Cannot be punitive or disciplinary
- Cannot unreasonably burden
 - May include changes in work schedules or work assignments that are not imposed for punitive reasons, so that the complainant and respondent are not working on the same projects or at the same time.
 - The Department declines to categorically prohibit involuntary changes to a complainant's or respondent's class schedule through supportive measures as it is possible that such changes may not constitute an unreasonable burden on a complainant or respondent.

Supportive Measures

- No longer temporary
- Can enact for safer campus community
- Stay away measures and class registration delays, while a burden, likely preserve access to education program so not unreasonable burden
- If a party could show that a supportive measure that burdened them was intended to punish them because, for example, if the supportive measure did not remedy barriers to access for the other party, the recipient would need to terminate the supportive measure.

Supportive Measures

- The Department recognizes that some actions used as supportive measures may also be available and employed as disciplinary sanctions after a determination of responsibility.
- Decline to give examples to encourage fact specific discretion but a recipient should not rely on its flexibility to provide supportive measures that burden a party at the expense of considering other supportive measures, including those that can be provided by the recipient without burden on either party.

Supportive Measures

- A recipient may, as appropriate, modify or terminate supportive measures at the conclusion of the grievance procedures or at the conclusion of the informal resolution process, or the recipient may continue them beyond that point.
- Whether a supportive measure constitutes a reasonable burden may change following the conclusion of the grievance procedures, particularly following a determination of non-responsibility, and a recipient should consider whether such measures continue to meet the definition when evaluating whether to continue, modify or terminate

Supportive Measures

- The completion of grievance procedures or the informal resolution process may constitute materially changed circumstances permitting a party to seek additional modification or termination of a supportive measure
- A finding of non-responsibility will often constitute materially changed circumstances that require modification or termination of a supportive measure

Supportive Measures

- A recipient may consider the appropriateness of restrictions on contact in light of the following:
 - the need expressed by the complainant or respondent;
 - the ages of the parties involved;
 - the nature of the allegations and their continued effects on the complainant or respondent;
 - whether the parties continue to interact directly in the recipient's education program or activity, including through student employment, shared residence or dining facilities, class, or campus transportation; and
 - whether steps have already been taken to mitigate the harm from the parties' interactions, such as implementation of a civil protective order.

Supportive Measures

- A recipient must provide a timely opportunity to seek, from an appropriate and impartial employee, modification or reversal of the recipient's decision to provide, deny, modify, or terminate supportive measures

Supportive Measures

- The impartial employee must be someone other than the employee who made the challenged decision and must have authority to modify or reverse the decision
- A recipient must also provide a party with the opportunity to seek additional modification or termination of a supportive measure applicable to them if circumstances change materially

Supportive Measures

- The Department provides a recipient flexibility concerning timing in order to account for the wide range of supportive measures available and to allow a recipient to take into account a party's interests as well as other concerns, such as circumstances in which offering such a review is impractical until after supportive measures have been provided.
- When a party believes that a supportive measure is ineffective upon implementation, or when circumstances have materially changed to render it ineffective, may seek modification
- Department seems to prefer that Title IX Coordinator delegate the providing of supportive measures

Supportive Measures

- Whether a supportive measure is reasonably burdensome
- Whether a supportive measure is reasonably available
- Whether the supportive measure is being imposed for punitive or disciplinary reasons
- Whether the supportive measure is being imposed without fee or charge
- Whether the supportive measure is effective in meeting the purposes for which it is intended
 - Restore/preserve access to the education program/activity
 - Provide safety/support during the grievance procedures

Supportive Measures

- A recipient must not disclose information about any supportive measures, including informing one party of supportive measures provided to another party, unless necessary
- For example, if one party is receiving counseling as a supportive measure, that should not be disclosed to another party.
- However, there are occasions where disclosure to the other party may be necessary, such as to tell one party that another party has moved to a new dorm in order to maintain the protections of an existing stay-away order.

Supportive Measures

- If the complainant or respondent is a postsecondary student with a disability, the Title IX Coordinator may consult, as appropriate, with the individual or office that the recipient has designated to provide support to students with disabilities to determine how to comply with Section 504 of the Rehabilitation Act of 1973, 29 U.S.C. 794, in the implementation of supportive measures.

Emergency Removal

- Before removal of a respondent from the recipient's education program or activity on an emergency basis, the recipient must:
 - Undertake an individualized safety and risk analysis
 - Determine that an imminent threat to the serious health or safety of any student or other individual arising from the allegations of sex discrimination justifies removal
 - provide the respondent with notice and an opportunity to challenge the decision immediately following the removal

Emergency Removal

- Declines to limit the scope to sex-based harassment in order to give recipients flexibility to address circumstances in which conduct falls short of the definition of sex-based harassment but still poses an imminent and serious threat to the health or safety of members of a recipient's communities
- The Department notes recipients will satisfy the requirement if they have a process to conduct an analysis of safety and risk that is particular to the respondent and circumstances at issue, regardless of the words recipients use to describe their assessment.

2024 Title IX Regulations § 106.44(h)

Emergency Removal

- No requirement to state a time, but it cannot be permanent.
- A recipient retains discretion to remove a respondent on an emergency basis from one or more parts of its education program or activity, as long as the recipient meets the other requirements.

Administrative Leave

- Nothing in this subpart precludes a recipient from placing an employee respondent on administrative leave during the pendency of a grievance procedures
- This provision may not be construed to modify any rights under Section 504 of the Rehabilitation Act of 1973 or the Americans with Disabilities Act.

Basic Requirements

- **Take reasonable steps to protect the privacy of parties and witnesses throughout the grievance process.**

 - evidence related to complainant's sexual interest or prior sexual activity
 - Unless evidence about the complainant's prior sexual conduct is **offered to prove someone other than the respondent committed the alleged conduct** or
 - Unless **evidence about specific incidents of prior sexual contact with the respondent is offered to prove consent.**

Basic Requirements

- **If a recipient adopts grievance procedures that apply to the resolution of some, but not all, complaints articulate consistent principles for how the recipient will determine which procedures apply.**

Basic Requirements

- Notice of allegations are to be provided **upon initiation of the recipient's grievance procedures** to **parties whose identities are known**.
- Notice must include:
 - Recipient's grievance procedures under 106.45, and 106.46 (if applicable), and including any informal resolution process
 - Sufficient information to allow parties to respond to the allegations, this includes identities of the parties involved, conduct alleged, and date and location of the alleged incident, to the extent available to recipient.
 - Statement that retaliation is prohibited
 - Statement that parties are entitled to an equal opportunity to access the relevant and not otherwise impermissible evidence
- If recipient decides to investigate additional allegations by the respondent toward the complainant that were not previously included, or that were consolidated from a different complaint, **the recipient must provide notice of these additional allegations to the parties whose identities are known**.

Basic Requirements

- Consolidation of Complaints:
 - A recipient may consolidate complaints against more than one respondent, or by more than one complainant against one or more respondents, or by one party against another party, when the allegations of sex discrimination arise out of the same facts or circumstances.
 - If one of the complaints consolidated includes a student party, at a postsecondary institution, the grievance procedures must comply with §106.46 as well as §106.45.

Basic Requirements

- Recipient must provide for **adequate, reliable, and impartial investigation of complaints**:
 - Ensure burden is on recipient, not parties, to gather sufficient evidence
 - Provide an equal opportunity for parties to present fact witnesses and other inculpatory and exculpatory evidence that are relevant and not otherwise impermissible;
 - Review all evidence gathered and determine what evidence is relevant and what evidence is impermissible
 - Provide each party with equal opportunity to access the evidence that is relevant and not otherwise impermissible, in the following manner:
 - Provide equal opportunity to access either the relevant and not impermissible evidence, or an accurate description of the evidence. If recipient provides the latter, it must further provide parties with an equal opportunity to access the relevant and not otherwise impermissible evidence upon request by any party.
 - Must provide a reasonable opportunity to respond to the evidence or to the accurate description of the evidence.
 - Must take reasonable steps to prevent and address the parties' unauthorized disclosure of information and evidence obtained solely through the grievance procedures.

Basic Requirements

- Credibility Assessments:
 - **Recipient must provide a process that enables the decisionmaker to question parties and witnesses to adequately assess a party's or witness's credibility to the extent credibility is both in dispute and relevant to evaluating one or more allegations of sex discrimination.**

Basic Requirements

- Standard of Evidence:
 - Recipient must use the **preponderance of the evidence standard, unless clear & convincing is the standard that recipient uses in all other comparable proceedings**, including proceedings relating to other discrimination complaints, in which case the recipient may elect to use that standard.
 - Recipient must **notify the parties in writing** of the determination whether sex discrimination occurred under Title IX or this part and include rationale for the determination, and the **procedures and permissible bases for appeal**, if applicable.

Basic Requirements

- Standard of Evidence (Cont.):
 - If determined that sex discrimination occurred, require **TIXC to coordinate the provision and implementation of remedies to a complainant and others** identified as having had equal access to the recipient's education program or activity limited or denied by sex discrimination, coordinate the imposition of any disciplinary sanctions on respondent, including notification of any such disciplinary sanctions to complainant, **and require the Title IX Coordinator to take other appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur...**
 - A recipient may not impose discipline on a respondent **unless there is a determination at the conclusion of the recipient's grievance procedures that the respondent engaged in prohibited sex discrimination.**
 - Must comply with § 106.45 (and 106.46, if applicable) **before the imposition of any disciplinary sanctions against a respondent;**

Basic Requirements

Basic Requirements

- Appeals:
 - Recipient must offer an appeal process that is the same at minimum as it offers in all other comparable proceedings, if any, **including proceedings related to other discrimination complaints.**

 - Any additional provision adopted by recipient in its grievance procedures for handling sex discrimination complaints, **must apply equally to the parties.**

Basic Requirements

Basic Requirements

- Provisions limited to sex-based harassment complaints:
 - Specific to complaints alleging sex-based harassment, the grievance procedures must:
 - Describe **range of supportive measures** available to any party **under § 106.44(g)**; and
 - **List, or describe the range of, the possible disciplinary sanctions that the recipient may impose and remedies that the recipient may provide following a determination that sex-based harassment occurred.**

Hypothetical

- Anakin and Obi Wan are studying abroad at the Jedi Academy. While there, Anakin turns to the “dark side” and engages in conduct that R.M.C. sex discrimination toward Obi Wan. When the parties return to James “Earlham” Jones College in Indiana, they are on the fencing team together. No new conduct that R.M.C S.D. occurs at Earlham, but Obi Wan experiences a sex-based hostile environment at Earlham solely as a result of what happened abroad at the Jedi Academy.
- What will happen if Obi Wan makes a report to the Earlham Title IX Coordinator?

Answer

Initiate a process, Title IX Coordinator Yoda will.

While the conduct occurred outside the education program or activity and outside the United States, Earlham will have an obligation to address it if it created a hostile environment within the education program or activity.

Plot Twist

What if the conduct at the Jedi Academy occurred in 2021 but was reported to Chancellor Yoda in 2024?

Answer: The 2024 Regulations are not retroactive and the 2020 Regulations required dismissal under Title IX for conduct that occurred outside the U.S. Yoda would “dismiss” for Title IX purposes and address under Earlham’s Non-Title IX Sexual Misconduct policy that existed in 2021.

Hypothetical

- Peyton Manning plays on the “Colts” intramural team at University of Saint Francis. He makes a complaint that a player on the “Patriots” intramural team at USF engaged in conduct that reasonably constituted sex discrimination when covertly deflating footballs. Manning states he is afraid of playing against the student. To restore Manning’s access to the intramural program, the Title IX Coordinator bans the player from the league. The player challenges the measure as unreasonably burdensome and punitive. How will the appeals officer rule on the appeal?

Answer

Brady will win on appeal. The supportive measures are unreasonably burdensome where Brady and Manning could be scheduled on different nights to play and both parties' access will be preserved.

Hypothetical

- A professor of paleontology and chaos theory at Hammond University is teaching a dinosaur lab. One of his students, Ellie Sattler, is pregnant. The professor refuses to give Sattler breaks during class, marks her tardy for frequent absences, and refuses to allow Sattler to put a needle into an amber orb to extract DNA from a mosquito, even though she had been the lead on that project all semester. Sattler makes a report to the Title IX Coordinator, noting the professor's frequent excuse for his conduct that "Life...finds a way..." What does the Coordinator do?

Answer

- The Title IX Coordinator will arrange supportive measures for Sattler and will also address the report of sex discrimination by Sattler against the Professor under 106.45.

Hypothetical

Caitlin Clark, student at Olympic University, tries out for the women's basketball team. During the tryout, she is subjected to what reasonably may constitute sex-based harassment. She makes a complaint against the head coach of Olympic U. Women's basketball. What process will be followed?

Hypothetical Part 2

Caitlin Clark decides to appeal the “Not Responsible” decision in favor of the Olympic U. coach. Her reasons are that the decision was that it was bad for women’s basketball as a whole. There were no procedural irregularities and there is no new evidence that was not available during the investigation or hearing process. Clark alleged bias on the part of the decisionmaker but did not state a basis other than her disagreement with the outcome. Will her appeal be successful?

What if the decisionmaker wore an Angel Reese jersey during the hearing?

Hypothetical Part 2

An appeal can only be made if there are procedural irregularities, new evidence presented that was not available at the time, or conflicts of interest or bias. Disagreement with the outcome is an insufficient basis.

However, with the additional information about the Angel Reese jersey, Clark may have a basis for an appeal based on bias, given her well-known rivalry with Reese.

Hypothetical

Bruce, a 50 year old professor and expert in gamma radiation, was reported to have engaged in conduct that reasonably constituted sex discrimination involving a 19-year-old student. There have been multiple complaints about Bruce's conduct in the past, and many people do not like him when he's angry. The conduct in the report was severe and included smashing a building (of which there is a pattern). The entire incident was captured on surveillance video. The student is scared and refuses to participate.

What do you do?

Analysis

Analyze the Factors

This fact-specific determination must consider the following factors, at minimum:

1. The complainant's request not to proceed with initiation of a complaint (always weighs against)
2. The complainant's reasonable safety concerns
3. The risk that additional acts of sex discrimination would occur if a complaint is not initiated

...

Analyze the Factors

4. The severity of the alleged sex discrimination, including whether the discrimination, if established, would require the removal of a respondent from campus or imposition of another disciplinary sanction to end the discrimination and prevent its recurrence
5. The age and relationship of the parties, including whether the respondent is an employee of the recipient;
6. The scope of the alleged sex discrimination, including information suggesting a pattern, ongoing sex discrimination, or sex discrimination alleged to have impacted multiple individuals;
7. The availability of evidence to assist a decisionmaker in determining whether sex discrimination occurred
8. Whether the recipient could end the alleged sex discrimination and prevent its recurrence without initiating its grievance procedures (for example, is it policy?)

The Final Analysis

- After considering these and other relevant factors, the Title IX Coordinator must now determine
 - that the conduct “as alleged” presents an imminent and serious threat to the health or safety of the complainant or other person
 - OR
 - that the conduct as alleged prevents the recipient from ensuring equal access on the basis of sex to its education program or activity, the Title IX Coordinator may initiate a complaint.

Plot Twist

What if the 19-year-old student asks the College to facilitate an informal resolution against Bruce?

- Recipient may use shared governance and collective bargaining to adopt additional rules and practices beyond those required by the final regulations.
- Some employees have additional rights created by shared governance and collective bargaining agreements.
- Identical treatment is not always required in the application of any **additional** rules or practices. Employee parties may have distinct rights in a shared governance or collective bargaining agreement that are not applicable to parties who are not employees.

2024 REGULATIONS: HEARING MODELS

Core Requirements

- Postsecondary institutions must provide a process enabling the decisionmaker to question parties and witnesses to adequately assess a party's or witness's credibility **to the extent credibility is both in dispute and relevant to evaluating one or more allegations of sex-based harassment.**
- Questioning of the parties and witnesses must take place **before responsibility determination.**
- In cases involving students in postsecondary institutions, hearings must comply with procedures set forth in Section 106.46.

Choice of Hearing Model

106.45 Grievance Procedures

For complaints at primary/secondary institutions or complaints at postsecondary institutions not involving a student complainant or respondent

106.46 Grievance Procedures

For complaints at postsecondary institutions involving student complainants or respondents

Choice of Hearing Model

- All recipients (primary, secondary, and postsecondary) may **choose to offer a live hearing or a single investigator model**, so long as questions regarding credibility may be proposed and/or asked of the witnesses.
- Live hearings do not need to include both parties physically present in the same place.
- Transcripts or recordings are required

§106.45: Primary and Secondary School Hearings

- Primary & Secondary, schools are *not required* to have live hearing under Title IX.
 - *Primary and Secondary schools serve students who “generally are not adults and lack the developmental ability of adults and the legal right to pursue their own interests. If an elementary school or secondary school chooses to hold a live hearing as part of its process for questioning parties and witnesses ...it has discretion as to how to conduct such a hearing[.]”*
- Primary/Secondary schools should consult applicable education codes in the event suspension or expulsion proceedings require a hearing.

State-by-State Hearing Requirements

- While the regulations do not require live hearing with cross examination, case law will determine whether they cross examination is mandatory on a state-by-state basis.
- No live hearing requirement is created by case law in Indiana, but breach of contract theories **may pose risk** for private institutions- clarity in policy drafting is essential
- No live cross examination requirement in public institutions.

2024 REGULATIONS: RIGHTS OF PARTIES IN HEARING

Notice, Preparation, and Advisors

- Parties entitled to written notice with sufficient time to prepare
- Parties entitled to same opportunities to be accompanied by their advisor
- May not limit the choice/presence of the advisor, but; postsecondary institutions may establish restrictions on advisor participation for both parties
- Parties entitled to the same opportunities for support persons
- If questions are posed by advisors in live hearing, institution must provide advisor free of charge

2024 REGULATIONS: LIVE HEARING PROCEDURES

§ 106.46: Live Hearing Procedures in Postsecondary Settings

- Scope of requirement: Postsecondary institutions *may, but are not required to*, offer live hearings.
 - If a live hearing is offered, and the matter involves student complainants or respondents, hearings must be compliant with § 106.46(f)-(g).

§ 106.46(g): Live Hearing Procedures in Postsecondary Settings

- Hearings in postsecondary institutions may be offered on a case-by-case basis.
 - If a postsecondary institution opts to offer hearings for some, but not all, cases of sex-based harassment, it must articulate consistent principles for how it will decide when to offer a hearing.

§ 106.46(g): Live Hearing Procedures in Postsecondary Settings

- Live hearings may be in-person with all parties.
- Postsecondary institutions may exercise discretion to separate the parties, *or must do so at the request of either party.*
 - If parties are separated, technology must be used to enable decisionmaker and parties to simultaneously see and hear.
- A recording or transcript must be generated.

§ 106.46(f): Live Hearing Procedures in Postsecondary Settings

- When a postsecondary institution chooses to conduct a live hearing, it may ask relevant (not impermissible) questions either by:
 - Allowing each party to propose questions for the decisionmaker to ask of the witness or party, or
 - Allowing each party's advisor to ask the party or witness questions.
- Parties may never conduct questioning personally.

§ 106.46(f): Live Hearing Procedures in Postsecondary Settings

- If questioning is done by a party's advisor, the postsecondary institution must provide one free of charge.
 - This advisor may not be a confidential employee
 - This advisor may, but is not required to be, an attorney

§ 106.46(f): Relevance Determinations

- The decisionmaker must determine whether a proposed question is relevant under § 106.2 and not otherwise impermissible under § 106.45(b)(7), prior to the question being posed.
- The decisionmaker must ask any relevant and permissible question, unless it is unclear or harassing.
 - If a question is unclear or harassing, must give opportunity to revise.
- Decisionmaker must explain any decision to exclude a question.
- A postsecondary institution may also adopt other reasonable rules regarding decorum, provided they apply equally to the parties.

False Statements

- Institutions may not impose discipline for making a false statement based *solely* on the later determination as to whether sex discrimination occurred.
- Institutions may also not impose discipline for consensual sexual conduct based solely on whether sex discrimination occurred

2024 REGULATIONS: WRITTEN DETERMINATION

Postsecondary Institutions: Written Determinations

- Institution must simultaneously provide written responsibility determination, including:
 - Description of sex-based harassment
 - Information about policies/procedures applied
 - Evaluation of relevant and permissible evidence
 - Disciplinary sanctions where responsibility finding is reached
 - Appeals procedures

Postsecondary Institutions: Written Determinations

- “Simultaneous” notification requirement contains some flexibility:
 - “[T]he Department would not conclude a recipient failed to comply with Title IX because of a de minimis delay in notifications, such as a delay of a few minutes when sending email notifications to the parties.”

Postsecondary Institutions: Written Determinations

- The determination regarding responsibility becomes final either:
 - On the date that the postsecondary institution provides the parties with the written determination of the result of any appeal, or
 - If no party appeals, the date on which an appeal would no longer be considered timely.

2024 REGULATIONS: APPEALS

Postsecondary Institutions: Appeals

- Postsecondary Institutions may provide any basis for appeal so long as the procedures and bases for appeal are available to all parties.
- Appeals must be permitted on the following bases:
 - Procedural irregularity that would *change* the outcome;
 - New evidence that would change the outcome and was not reasonably available at the time of the determination;
 - Conflict of interest/bias by Title IX Coordinator, investigator, or decisionmaker.

Postsecondary Institutions: Appeals

- Notably, there is no requirement that postsecondary institutions permit appeals for decisions that are erroneous or against the weight of the evidence.
 - Institutions may choose to permit this basis for appeal if desired.

Primary and Secondary Schools: Appeals

- Only a postsecondary institution that receives a complaint of sex-based harassment involving a student party must offer the parties an appeal consistent with § 106.46(i).
- Elementary and secondary schools must offer an appeals process that, at a minimum, is the same as it offers in comparable proceedings such as discrimination complaints.

Postsecondary Institutions: Appeals

- If the appeal involves a postsecondary institution's dismissal of a complaint, the recipient must:
 - Notify the parties of the appeal;
 - Provide the parties a reasonable and equal opportunity to make a statement in support of or challenging the outcome;
 - Notify the parties of the result of appeal and rationale.

2024 REGULATIONS: INFORMAL RESOLUTIONS

When Informal Resolutions are Available

- Informal resolution may be offered at ***any time prior to making a responsibility determination.***
- No formal complaint needed to pursue informal resolution.
- No informal resolution permitted where allegations include sex-based harassment of an elementary school or secondary school student by employee.
- No informal resolutions if this process would conflict with state or federal law.

Role of Discretion in Informal Resolution

- Recipients have discretion regarding when to offer Informal Resolution.
- Recipients may decline to offer Informal Resolution despite parties wishes.
- Recipients may decline Informal Resolution if conduct would present a future risk of harm to others.

Role of Discretion in Informal Resolution

- A recipient has “flexibility to structure a process to determine how it makes this assessment” as to risk of harm. However, they may wish to consider:
 - History of violent conduct.
 - Credible threats of harm to self or others.
 - Other allegations against the same respondent.

When Informal Resolutions are Available

- “[T]he proposed prohibition regarding allegations that an employee engaged in **sex discrimination** toward a student ...would be overly broad...in some cases the parties and recipient may view informal resolution as a better avenue to mitigate power imbalances between a student and an employee... [The] prohibition [on informal resolution] is more appropriately limited to the context of sex-based harassment—in which there is a unique risk of physical harm and associated severe emotional trauma.”

When Informal Resolutions are Available

- The 2024 Regulations remove prohibition on informal resolution in cases of sexual assault:
 - *“The Department acknowledges the commenters’ concerns regarding mediation (including the Department’s previous statements dissuading a recipient from using mediation to resolve an allegation of sexual assault), as well as the evidence of the potential benefits of restorative justice practices. In the last two decades, based on its enforcement experience, the Department has come to believe it should offer a recipient more flexibility in designing alternative procedures, and nothing prohibits a recipient from declining to offer mediation if it concludes such a process would be inappropriate.”*

Voluntary Consent

- Institution may not “require or pressure” parties to participate in Informal Resolution, and may not make it a condition of continued enrollment or employment.
- Voluntary and informed consent must be obtained, but need not be in writing.

Voluntary Consent

- Informed consent to participate in informal resolution process may only be provided after the institution provides notice of:
 - The allegations;
 - Requirements of the informal resolution process;
 - The parties' right to withdraw from the process any time before agreeing to resolution;
 - Informal resolution as precluding later formal resolution;
 - Potential terms that may be requested or offered, and that these may bind only the parties;
 - The information that will be obtained and how the recipient may disclose it if grievance process is resumed.

The Role of Respondent Admissions

- Responsibility determinations may only be made at the conclusion of the grievance process.
- Admissions by the respondent, made in the informal resolution process, are *not* a “determination whether sex discrimination occurred.”

Choice in Facilitator

- Facilitator of Informal Resolution may not be the same person as the investigator or decisionmaker in the formal grievance procedure.
- Facilitator must not have conflict of interest or bias for/against complainants or respondents generally, or any individual party.
- Facilitators must receive training in the rules and practices associated with informal resolution process, how to serve impartially, and how to avoid bias and conflict of interest.

Informal Resolution Remedies

- Institutions have discretion to provide remedies at conclusion of the informal resolution process.
- New Regulations provide non-exhaustive list of potential remedies, including:
 - Restrictions on contact
 - Restrictions on respondent's participation in programs/activities
 - Restrictions on attendance at specific events
 - Other restrictions the institution could have imposed at the conclusion of the formal grievance process

Third Party Remedies

- Informal resolution remedies may not be used to bind third parties who did not consent to participation.
 - For example, informal resolution against a member of a sorority or fraternity may not include training for the organization as a whole as a remedy following an informal resolution.

Breach of Informal Resolution Agreement

- Recipient may rescind resolution agreement when:
 - A party breaches a resolution agreement;
 - A party committed fraud in inducing the other party to agree to resolution;
 - The recipient has other “compelling reasons.”

 - All students must produce the same certification, and
 - Information obtained is not used as basis for discrimination

Pregnancy and Related Conditions: Employment

- A recipient must not adopt or implement any policy or take any employment action, on the basis of sex:

- “This training requirement will help recipients ensure that employees are able to recognize when information reported to them reasonably may constitute sex discrimination under Title IX.”
- “it is not necessary for the employee to have factual information that definitively indicates that sex discrimination occurred in order for the employee’s notification requirements under § 106.44(c) to apply. 87 FR 41440. It would be enough for the employee to have information about conduct that could reasonably be understood to constitute sex discrimination under Title IX, including conduct that could constitute sex-based harassment.” PREAMBLE 346

TRAINING MATERIALS

- 106.8(f)(3) REQUIRES a recipient to make all materials used to provide training under § 106.8(d) available upon request for inspection by members of the public regardless of whether a recipient maintains a website.
- Under the 2020 amendments, the requirement for public inspection only applied to a recipient that did not maintain a website. 34 CFR 106.45(b)(10)(D).
- Requiring a recipient to make all training materials available upon request for inspection by members of the public is practicable and reasonable, especially in light of existing obligations that many recipients already have under public records laws.

2024 REGULATIONS: RECORDKEEPING

2024 Title IX Regulations Record-keeping and Documentation Prescribed

106.8 (f) Recordkeeping. A recipient must maintain for a period of at least **seven** years:

- (1) For each complaint of sex discrimination, records documenting the informal resolution process under § 106.44(k) or the grievance procedures under § 106.45, and if applicable § 106.46, and the resulting outcome.
- (2) For each notification the Title IX Coordinator receives of information about conduct that reasonably may constitute sex discrimination under Title IX or this part, including notifications under § 106.44(c)(1) or (2), records documenting the actions the recipient took to meet its obligations under § 106.44.
- (3) All materials used to provide training under paragraph (d) of this section.

A recipient must make these training materials available upon request for inspection by members of the public.

2024 Title IX Regulations: Documentation Prescribed

*106.8 (f) Recordkeeping. A recipient must maintain for a period of at least **seven** years:*

Each **complaint** of sex discrimination;

Records **documenting** the **informal resolution** process;

The **grievance** procedures; Outcomes;

Each **notification** the Title IX Coordinator receives of information about conduct that reasonably may constitute sex discrimination under Title IX ...

OR this part, including notifications and **records documenting the actions** the recipient took

Maintain: All materials used to provide training under paragraph (d) of this section.

Additional Documentation/Communication Requirements: Preamble

- Further, the Department notes that under § 106.8(f), a recipient must maintain records documenting its implementation of the requirements of § 106.46, including the **justification for any delay in providing the notice of allegations under § 106.46(c)(3).**

Additional Documentation/Communication Requirements Embedded in Language of the 2024 Regulations

- Reporting Responsibilities Expanded and must be documented
 - The final regulations at § 106.8(f)(2) require that for each notification the Title IX Coordinator receives about conduct that may reasonably constitute sex discrimination, including notifications under § 106.44(c)(1) or (2), a recipient must maintain records documenting the actions it took to meet its obligations in § 106.44, including its prompt and effective response.

2024 Title IX Regulations § 106.44(a)

Additional Documentation/Communication Requirements Embedded in Language of the 2024 Regulations

- **Reporting obligations expanded and bifurcated**
 - Any employee who is not a confidential employee and who either has **authority to institute corrective measures** on behalf of the recipient or has **responsibility for administrative leadership, teaching, or advising** in the recipient's education program or activity **must** notify Title IX Coordinator; and
 - All other employees **must** either contact Title IX Coordinator or provide contact information and information on how to make a complaint to anyone who provides the employee with information about conduct that reasonably may constitute sex discrimination.

Additional Documentation/Communication Requirements Embedded in Language of the 2024 Regulations

Retention considerations (length of employment/pattern behaviors)

An oral description must be documented in some manner to comply with § 106.8(f)(1) (e.g., audio recording).

Respondent - Pattern Evidence

- The Department agrees that other sex-based harassment may prompt a Title IX Coordinator to address broader concerns. The Department also clarifies that a respondent's past sex-based harassment of people other than the complainant would not be part of the analysis of whether current sex-based harassment by the respondent created a hostile environment for the complainant. However, as explained in the discussion of § 106.45(b)(7)(iii), such pattern evidence may be permissible for use in Title IX grievance procedures, as the recipient must objectively evaluate pattern evidence to the extent it is relevant, i.e., whether it is related to the allegations of sex-based harassment under investigation and may aid a decisionmaker in determining whether the alleged sex-based harassment occurred. Preamble, p. 144

Recordkeeping – The Why

- **The Department disagrees that the recordkeeping requirements are too burdensome or complex.**
 - It is appropriate to require a recipient to maintain records regarding complaints of sex discrimination, the actions the recipient took to meet its obligations in response to notification to the Title IX Coordinator of conduct that reasonably may be sex discrimination, and materials used to provide training under § 106.8(d).
 - Recordkeeping can reveal internal effective compliance practices and patterns of noncompliance, through which a recipient can assess its own Title IX compliance.
 - In addition, maintaining records for an appropriate period of time ensures that, during an investigation or compliance review, the Department can ascertain a recipient's compliance with the Title IX regulations. See 34 CFR 100.6(c), 100.7(a), 100.7(c) (incorporated through 34 CFR 106.81).

2024 REGULATIONS: TITLE IX COORDINATOR RESPONSIBILITIES

Title IX Coordinator – 106.44(a)

Coordinate the institution's compliance with Title IX obligations

- 106.44(f)
- Coordinate supportive measures
- Documentation and recordkeeping

Take specific actions upon notice of conduct that R.M.C. Sex Discrimination

- 106.44(f)(1)(i) through (vii)
- “in order to promptly and effectively end any sex discrimination in the E.P.A., prevent its recurrence, and remedy its effects.”

NOT required to act if the alleged conduct could not constitute Sex Discrimination

- 106.44(f)(2)
- Evaluate known information
- Discretionary dismissal

Title IX Coordinator Requirements

- Coordinate the Recipient's compliance with Title IX
 - A recipient must require its Title IX Coordinator, when notified of conduct that reasonably may constitute sex discrimination under Title IX or this part, to take the following actions to promptly and effectively end any sex discrimination in its education program or activity, prevent its recurrence, and remedy its effects

Title IX Coordinator Requirements

- Treat the Complainant and Respondent equitably
- Offer and coordinate supportive measures
- Notify the Complainant or the reporter of grievance procedures and informal resolution process
- If a complaint is made, notify the Respondent of grievance procedures or informal resolution; also supportive measures
 - Initiate the grievance procedures or informal resolution process
 - In the absence of a complaint or withdrawal of any or all allegations in a complaint, and in the absence or termination of an informal resolution process ...

Title IX Coordinator Requirements

- ... The Title IX Coordinator must determine whether to initiate a complaint of sex discrimination.
 - This fact-specific determination must consider the following factors, at minimum:
 - » The complainant's request not to proceed with initiation of a complaint (always weighs against)
 - » The complainant's reasonable safety concerns
 - » The risk that additional acts of sex discrimination would occur if a complaint is not initiated

...

Title IX Coordinator Requirements

- » The severity of the alleged sex discrimination, including whether the discrimination, if established, would require the removal of a respondent from campus or imposition of another disciplinary sanction to end the discrimination and prevent its recurrence
- » The age and relationship of the parties, including whether the respondent is an employee of the recipient;
- » The scope of the alleged sex discrimination, including information suggesting a pattern, ongoing sex discrimination, or sex discrimination alleged to have impacted multiple individuals;
- » The availability of evidence to assist a decisionmaker in determining whether sex discrimination occurred
- » Whether the recipient could end the alleged sex discrimination and prevent its recurrence without initiating its grievance procedures (for example, is it policy?)

Title IX Coordinator Requirements

- After considering these and other relevant factors, the Title IX Coordinator must now determine
 - that the conduct “as alleged” presents an imminent and serious threat to the health or safety of the complainant or other person
 - OR
 - that the conduct as alleged prevents the recipient from ensuring equal access on the basis of sex to its education program or activity, the Title IX Coordinator may initiate a complaint.

Title IX Coordinator Requirements

- Consider the impact of transfers or resignations
- “As alleged” - Don’t assess credibility, look purely at allegation
- If initiating a complaint, must notify complainant prior to doing so and address safety concerns, including supportive measures such as offering an escort

Title IX Coordinator Requirements

- Regardless of whether a complaint is initiated, Title IX Coordinators must take prompt and effective steps, in addition to steps necessary to effectuate the remedies provided to an individual complainant, if any, to ensure that sex discrimination does not continue or recur
- If no grievance procedures, prompt and effective steps are limited to non-disciplinary action
 - Training aimed at prevention of sex discrimination
 - Remedies (permitting complainant to retake a class)
- A Title IX Coordinator is not required to conduct process if they reasonably determine that the conduct as alleged could not constitute sex discrimination

Application - § 106.11

- This part applies to every recipient and to all sex discrimination occurring under a recipient's education program or activity in the United States.
- For purposes of this section, conduct that occurs under a recipient's education program or activity includes but is not limited to conduct that occurs in a building owned or controlled by a student organization that is officially recognized by a postsecondary institution, and conduct that is subject to the recipient's disciplinary authority.
- A recipient has an obligation to address a sex-based hostile environment under its education program or activity, even when some conduct alleged to be contributing to the hostile environment occurred outside the recipient's education program or activity or outside the United States.

Extraterritoriality - § 106.11

- The Department emphasizes that a recipient does not have an obligation under Title IX to address sex discrimination occurring outside of the United States.
- However, nothing in these regulations prohibits a recipient from responding as appropriate under its existing code of conduct or other policies pertaining to study abroad programs
- If, while investigating and addressing a hostile environment under its education program or activity in the United States, a recipient seeks information about conduct that occurred in another country, nothing in these regulations preempts applicable privacy laws. Preamble, pp. 208-209

VOLUNTARY RESOLUTION

- Under Title IX, the Department **cannot terminate**, refuse to grant, or refuse to continue Federal financial assistance to any recipient **until the Department has:**
 - made an express finding on the record of a failure to comply with a regulatory or statutory requirement,
 - notified the recipient
 - attempted to voluntarily resolve the noncompliance, and
 - provided an opportunity for hearing and judicial review.
- OCR is required to seek voluntary corrective action from the recipient before pursuing fund termination or other enforcement mechanisms. 20 U.S.C. 1682; 34 CFR 100.7(d), 100.8(c) (incorporated through § 106.81)

Preamble 309

Extraterritoriality under § 106.11.

- For additional discussion of study abroad programs, see the section on Extraterritoriality under § 106.11.

NOTICE OF NON DISCRIMINATION

- § 106.8(c)(1) - a recipient must provide a notice of nondiscrimination to **students; parents, guardians, or other authorized legal representatives of elementary school and secondary school students; employees; applicants for admission and employment; and all unions and professional organizations holding collective bargaining or professional agreements with the recipient.**
- The notice of nondiscrimination must include information on:
 - how to **report** information about conduct that may constitute sex discrimination under Title IX and
 - how to **make a complaint** of sex discrimination.
- A recipient may include information about employees' notification requirements and confidential employees, but the Department declines to require reporting protocols to be posted online, because it prefers to leave recipients with flexibility to meet these requirements.

TITLE IX COORDINATOR RESPONSIBILITIES - Burden

- The Department **recognizes** that the final Title IX **regulations increase the scope** of the Title IX Coordinator's duties.
- Under § 106.8(a), a recipient **may have more than one** Title IX Coordinator, and a Title IX Coordinator may designate employees to carry out some of its obligations
- A recipient **must** designate one of its Title IX Coordinators
 - to **retain ultimate oversight** over those responsibilities
 - and ensure the recipient's **consistent compliance** with its responsibilities under Title IX. See § 106.8(a)(2).

TITLE IX COORDINATOR RESPONSIBILITIES - Burden

“To the extent § 106.44(c) places a burden associated with providing notifications under this provision on recipients, **such burdens are justified because the requirements will help** recipients meet their obligation to address sex discrimination in their education program or activity.”

TITLE IX COORDINATOR RESPONSIBILITIES – Burden, Costs

- The Department **disagrees** that § 106.44(c) would impose an **undue and unworkable burden on recipients**, which could increase the cost of attendance in higher education.
- The Department has **considered the costs**, including potential litigation costs, in the Regulatory Impact Analysis and determined **the benefits of the notification requirements justify the costs**. The Department also has no reason to believe that the costs associated with § 106.44(c) are so great that they are likely to increase the overall cost of attending higher education institutions.

TITLE IX COORDINATOR RESPONSIBILITIES

Institutional Coordination

§ 106.44(f) Title IX Coordinator is responsible for **coordinating** the recipient's compliance with its obligations under Title IX and the Department's implementing regulations

- This added text indicates that the Title IX Coordinator's role stems from ***“the recipient’s” obligations***, emphasizing that it is the recipient that remains responsible for ensuring compliance with its obligations under Title IX.

TITLE IX COORDINATOR RESPONSIBILITIES

Institutional Coordination

Coordinating the recipient's obligations ensures that Title IX Coordinators retain their unique oversight role and their ability to serve as a trusted institutional resource. Expanded scope of a Title IX Coordinator's duties and responsibilities supports this role.

These final regulations, including § 106.44(b), provide a role for a recipient's Title IX Coordinator that **centralizes duties, promotes accountability, and enables effective Title IX compliance.**

TITLE IX COORDINATOR RESPONSIBILITIES – Institutional Coordination

**Further centralizes, accountable, and effective
compliance with Title IX**

TITLE IX COORDINATOR RESPONSIBILITIES – Institutional Coordination

- The Title IX Coordinator may have to work closely with many different members of the school community whose job responsibilities relate to the recipient's Title IX obligations, including:
 - administrators, counselors, athletic directors, advocates, and legal counsel.
 - These final regulations enable a recipient to ensure that all employees whose work relates to Title IX communicate with one another and have the necessary support.
 - § 106.8(c) and (d), which require a recipient to provide a notice of nondiscrimination and training for specific employees, and § 106.44(c), which clarifies that all employees have some notification responsibilities.

TITLE IX COORDINATOR RESPONSIBILITIES – Institutional Coordination

- The Department understands commenters' concerns about the **human capital needed** to comply with § 106.44(f) and other provisions of these final regulations.
- However, the Department is not persuaded that a Title IX Coordinator would not have the capacity to oversee other individuals or offices that may assist in performing any delegated Title IX Coordinator requirements.
- The Department understands from this experience that the human capital and other resources recipients devote to structuring Title IX compliance efforts vary greatly and often involve **coordination among offices such as the dean of students, office of academic affairs, office of student conduct, human resources office, counseling and psychological services, and the individual or office designated to provide support to students with disabilities.**
- **Coordinating these administrative structures is no different than the coordination required of other high-level employees and officials** who oversee other aspects of a recipient's operations, such as a dean or vice president of academic affairs. In some situations, it may be helpful to designate specific employees to coordinate on certain Title IX issues,

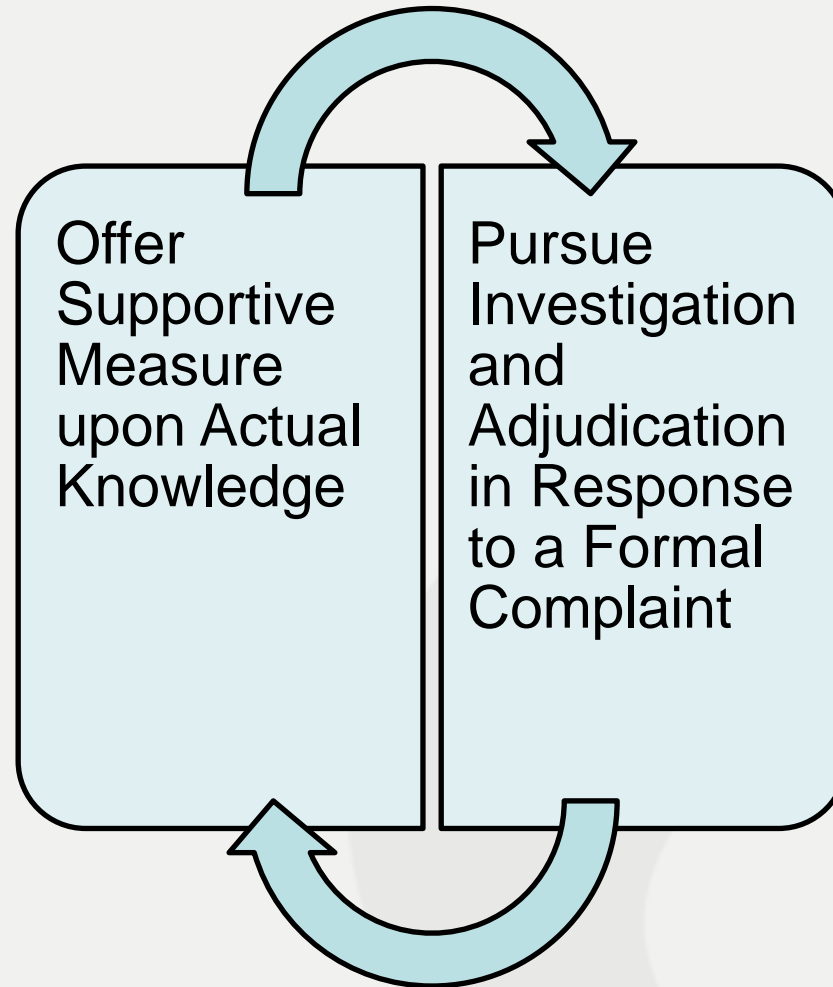

TITLE IX COORDINATOR RESPONSIBILITIES – Institutional Coordination - Collaboration

Department views “**collaboration** among employees to carry out Title IX obligations as **critical** to Title IX compliance”

- “in OCR’s enforcement experience, recipients often encourage **cooperation** between a Title IX Coordinator and other employees to **ensure consistent enforcement** of recipient policies. The Title IX Coordinator may have to **work closely** with many different members of the school community whose job responsibilities relate to the recipient’s Title IX obligations, including administrators, counselors, athletic directors, advocates, and legal counsel.”
- These final regulations enable a recipient **to ensure** that all employees whose work relates to Title IX **communicate with one another and have the necessary support**.
 - for example, § 106.8(c) and (d), which require a recipient to provide a notice of nondiscrimination and training for specific employees, and
 - § 106.44(c), which clarifies that all employees have some notification responsibilities

THE 2020 TITLE IX REGULATIONS

Understanding Two Key Provisions

2020 REGULATIONS: NOTICE

2020 Regulations: Notice

- Notice to the Title IX Coordinator or any official of the recipient who has authority to institute corrective measures on behalf of the recipient, or to any employee of an elementary or secondary school

2020 Regulations: Notice

- Actual knowledge, not constructive notice or vicarious liability
 - Can come from personal observation, hearing about it from a complainant or third-party, receiving a written or oral complaint, or by any other means
- The mere ability or obligation to report sexual harassment or to inform a student about how to report sexual harassment, or having been trained to do so, does not qualify an individual as one who has authority to institute corrective measures on behalf of the recipient.

2020 Title IX Regulations § 106.30(a)

2020 Regulations: Notice

When a school has **notice**, the Title IX Coordinator must:

1. Promptly contact the complainant to discuss the availability of supportive measures
2. Consider the complainant's wishes with respect to supportive measures
3. Inform the complainant of the availability of supportive measures with or without the filing of a formal complaint
4. Explain to the complainant the process for filing a formal complaint.

2020 REGULATIONS: JURISDICTION AND SCOPE

2020 Regulations: Title IX and “Non-Title IX”

2020 Regulations: Jurisdiction - the E.P.A.

- “Education program or activity” includes:
 - Locations, events, or circumstances over which the recipient exercised substantial control over both
 - the respondent and
 - the context in which the sexual harassment occurs, and
 - Any building owned or controlled by a student organization that is officially recognized by a postsecondary institution

2020 Regulations: Jurisdiction - Who

- Title IX statute applies to any person, in the United States, on the basis of sex, who is excluded from participation in, denied the benefits of, or is subjected to discrimination under any education program or activity receiving federal financial assistance.
- Program or activity and program means all of the operations of—
 - A college, university, or other postsecondary institution, or a public system of higher education; or
 - A local educational agency (as defined in 20 U.S.C. 8801), system of vocational education, or other school system

Title IX of the Education Amendments of 1972; 20 U.S.C. 1681
Title IX Regulations § 106.2(h)

2020 Regulations: Jurisdiction - Where

- Applies only to sex discrimination occurring against a person in the United States in an education program or activity
 - “The Department reiterates that the ‘education program or activity’ limitation in the final regulations
 - does not create or apply a geographic test
 - does not draw a line between ‘off campus’ and ‘on campus,’ and
 - does not create a distinction between sexual harassment occurring in person versus online.”

Title IX Regulations § 106.8(d); Preamble, 85 F.R. 85 F.R. 30203

2020 Regulations Jurisdiction - Off Campus

- “[T]he statutory and regulatory definitions of program or activity along with the revised language in § 106.44(a) clarify that a recipient’s Title IX obligations extend to sexual harassment incidents that occur off campus if any of three conditions are met:
 - if the off-campus incident occurs as part of the recipient’s ‘operations’ pursuant to 20 U.S.C. 1687 and 34 CFR 106.2(h);
 - if the recipient exercised substantial control over the respondent and the context of alleged sexual harassment that occurred off campus pursuant to § 106.44(a); or
 - if a sexual harassment incident occurs at an off-campus building owned or controlled by a student organization officially recognized by a postsecondary institution pursuant to §106.44(a).”

2020 Regulations: Jurisdiction - Course of Conduct

- “In situations involving some allegations of conduct that occurred in an education program or activity, and some allegations of conduct that did not, the recipient must investigate the allegations of conduct that occurred in the recipient’s education program or activity, and nothing in the final regulations precludes the recipient from choosing to also address allegations of conduct outside the recipient’s education program or activity.
- For example, if a student is sexually assaulted outside of an education program or activity but subsequently suffers Title IX sexual harassment in an education program or activity, then these final regulations apply to the latter act of sexual harassment, and the recipient may choose to address the prior assault through its own code of conduct.”

Title IX Regulations; Preamble 85 F.R. 30198

2020 Regulations: Jurisdiction - What

- Narrowed & expanded definition of sexual harassment
 - Quid pro quo
 - Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the recipient's education program or activity
 - Inclusion of sexual assault, dating violence, domestic violence, and stalking as a form of sexual harassment

Title IX Regulations § 106.30(a)

2020 REGULATIONS: SUPPORTIVE MEASURES

2020 Regulations: Supportive Measures

- The Title IX Coordinator must promptly contact the complainant to:
 - Discuss the availability of supportive measures as defined in § 106.30,
 - Consider the complainant's wishes with respect to supportive measures,
 - Inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and
 - Explain to the complainant the process for filing a formal complaint.

2020 Regulations: Supportive Measures

- Non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed.
- Designed to restore or preserve equal access to the recipient's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the recipient's educational environment, or deter sexual harassment.

Title IX Regulations § 106.30(a)

2020 Regulations: Supportive Measures

- May include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures.

Title IX Regulations § 106.30(a)

2020 Regulations: Supportive Measures

- Must maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the recipient to provide the supportive measures.
- The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

2020 Regulations: Documentation

- Must maintain records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment
- Must document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the recipient's education program or activity
- If a recipient does not provide a complainant with supportive measures, then the recipient must document the reasons why such a response was not clearly unreasonable in light of the known circumstances

Title IX Regulations § § 106.45(b)(10)(i)-(ii)

2020 Regulations: Emergency Removal

- Must undertake an individualized safety and risk analysis and determine that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal
- Must provide the respondent with notice and an opportunity to challenge the decision immediately following the removal

Title IX Regulations § 106.44(c)

2020 Regulations: Emergency Removal

- Where a respondent poses an immediate threat to the physical health or safety of the complainant (or anyone else), § 106.44(c) allows emergency removals of respondents prior to the conclusion of a grievance process (or even where no grievance process is pending), thus protecting the safety of a recipient's community where an immediate threat exist.

2020 Regulations: Emergency Removal

- The Department notes that the final regulations expressly allow a recipient to remove a respondent on an emergency basis and do not prescribe cross-examination as a necessary procedure during the post-removal opportunity to challenge the removal.
- Recipients may also implement supportive measures that restrict students' or employees' contact or communication with others.
- Recipients thus have avenues for addressing serial predator situations even where no victim chooses to participate in a grievance process.

2020 Regulations: Administrative Leave

- Nothing in this subpart precludes a recipient from placing a non-student employee respondent on administrative leave during the pendency of a grievance process that complies with § 106.45.
- This provision may not be construed to modify any rights under Section 504 of the Rehabilitation Act of 1973 or the Americans with Disabilities Act.

2020 REGULATIONS: FORMAL COMPLAINTS

2020 Regulations: Formal Complaint

- Document filed by a complainant or signed by the Title IX Coordinator
- At the time of filing a formal complaint, a complainant must be participating in or attempting to participate in the education program or activity of the recipient with which the formal complaint is filed

2020 Regulations: Formal Complaint - EPA

- The following may constitute “**attempting to participate**” in the recipient’s education program or activity:
 - Applying (or intending to apply) for admission
 - Indicating a desire to re-enroll if the recipient appropriately responds to sexual harassment allegations
 - Intending to remain involved in alumni programs
- “[The ‘education program or activity’ requirement] prevents recipients from being legally obligated to investigate **allegations made by complainants who have no relationship with the recipient**, yet still protects those complainants by requiring the recipient to respond promptly in a non-deliberately indifferent manner.”

Title IX Regulations; Preamble 85 F.R. 30198

2020 Regulations: Formal Complaint: Institutional Response

Upon receipt of a **formal complaint**, the institution:

1. Must complete the actions required upon receiving notice, if not already completed,
2. Must evaluate jurisdiction and required/discretionary dismissal,
3. Should assess appropriate supportive measures for both parties,
4. Should evaluate the need for any other measures, including emergency removal/administrative leave,
5. Must initiate a grievance process that complies with § 106.45

Title IX Regulations § 106.30(a)

2020 Formal Complaint: Mandatory Dismissal

- Must dismiss if:
 - Conduct would not constitute sexual harassment even if proved,
 - Conduct did not occur in the recipient's education program or activity, or
 - Conduct did not occur against a person in the United States.
- Such a dismissal does not preclude action under another provision of the recipient's code of conduct

Title IX Regulations § 106.45(b)(3)

2020 Formal Complaint: Discretionary Dismissal

- May dismiss the formal complaint or any allegations therein if:
 - A complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations,
 - The respondent is no longer enrolled or employed by the recipient, or
 - Specific circumstances prevent the recipient from gathering evidence sufficient to reach a determination.

Title IX Regulations § 106.45(b)(3)

2020 Regulations: Dismissals

- Upon a dismissal required or permitted, the recipient must promptly send written notice of the dismissal and reason(s) therefor simultaneously to the parties
- Must offer both parties an appeal from a recipient's dismissal of a formal complaint or any allegations therein

Title IX Regulations §§ 106.45(b)(3) and 106.45(b)(8)

2020 REGULATIONS: BASIC REQUIREMENTS OF GRIEVANCE PROCESSES

2020 Regulations: Basic Requirements

- Treat complainants and respondents equitably by providing remedies to a complainant where a determination of responsibility for sexual harassment has been made against the respondent, and by following a grievance process that complies with this section before the imposition of any disciplinary sanctions or other actions that are not supportive measures as defined in § 106.30, against a respondent.

Relevant Regulations Sections:

Equitable Treatment: §§ 106.44(a) and 106.45(b)(1)(i)

2020 Regulations: Basic Requirements

- Require an objective evaluation of all relevant evidence

- Include reasonably prompt time frames for conclusion of the grievance process with permissible delay for good cause
- Describe the range (or list) of possible disciplinary sanctions and remedies

Relevant Regulations Sections:

Equitable Treatment: §§ 106.44(a) and 106.45(b)(1)(i)

Objective evaluation of all relevant evidence: § 106.45(b)(1)(ii)

Training and avoidance of conflicts or bias: § 106.45(b)(1)(iii)

2020 Regulations: Basic Requirements

- Include the procedures and permissible bases for the complainant and respondent to appeal
- Describe the range of supportive measures available
- Not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege

Relevant Regulations Sections:

Appeal: §§ 106.45(b)(1)(viii) and 106.45(b)(7)(ii)(F)

Range of Supportive Measures: § 106.45(b)(1)(ix)

Waiver of Privilege: § 106.45(b)(1)(x)

2020 REGULATIONS: INVESTIGATIONS

Investigative Principles

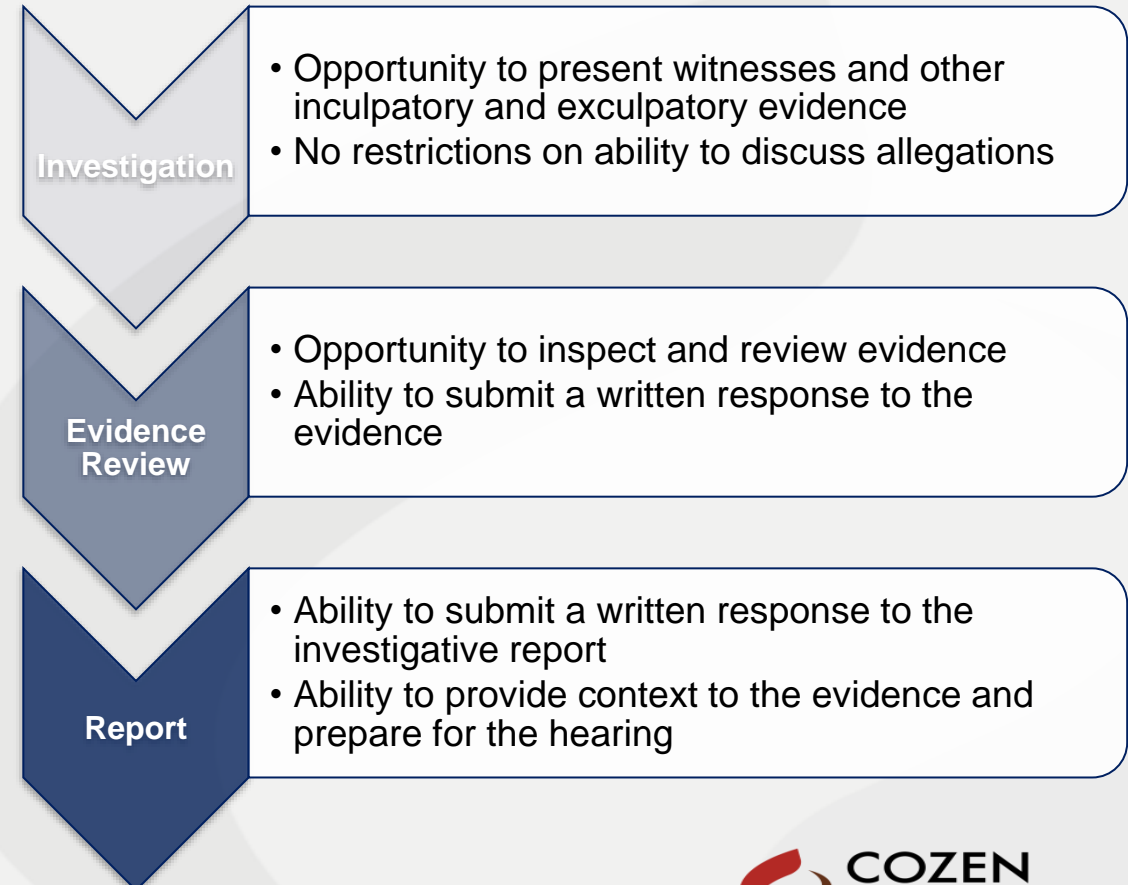

- Open-ended and thorough inquiry
- Equitable opportunities for the parties to participate
- The conduct of the investigation matters
- Separating intake/support from investigation
- Maintaining and reinforcing impartiality
 - Screening for conflicts of interest or bias
 - Attention to language and communications
- Trained and experienced investigators

2020 Regulations: Investigations Overview

- Obligation to Investigate
- Basic Requirements of Grievance Processes
- Pre-Investigation Considerations
- Consolidation of Formal Complaints

- Evidence Review
- Investigative Report
- Reasonably Prompt Time Frames

2020 REGULATIONS: OBLIGATION TO INVESTIGATE

2020 Regulations: Resolution Process

2020 Regulations:

Complainant Agency & Autonomy

- “The final regulations promote clarity as to recipient’s legal obligations, and **promote respect for each complainant’s autonomy**, by distinguishing between a complainant’s report of sexual harassment, on the one hand, and the filing of a formal complaint that has initiated a grievance process against a respondent, on the other hand.”
- “The Department acknowledges that **a recipient should respect the complainant’s autonomy and wishes** with respect to a formal complaint and grievance process **to the extent possible.**”

Title IX Regulations; Preamble, 85 F.R. 30282; 30219

2020 Regulations:

Reports vs. Formal Complaints

- The new regulations distinguish and separate a recipient's obligation to **respond to a report** of sexual harassment from a recipient's **obligation to investigate formal complaints** of sexual harassment
 - If students would like supportive measures but do not wish to initiate an investigation...they may make a report of sexual harassment.
 - If students would like supportive measures and also would like the recipient to initiate an investigation...they may file a formal complaint.

2020 Regulations: Reinforcing Agency & Autonomy

- Balancing a recipient's obligation to respond to instances of sexual harassment with a complainant's autonomy
 - A rigid requirement such as an investigation in every circumstance may chill reporting of sexual harassment...
 - A student may receive supportive measures irrespective of whether the student files a formal complaint...these final regulations encourage students to report sexual harassment while allowing them to exercise some control over their report.

Title IX Regulations; Preamble 85 F.R. 30190

2020 Regulations:

The Obligation to Investigate

- Formal complaint:
 - A document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and
 - Requesting that the recipient investigate the allegation of sexual harassment
- Once a formal complaint is filed, a recipient **must** investigate the allegations in that complaint
 - The Department believes that where a complainant has chosen to file a formal complaint, or the Title IX Coordinator has decided to sign a formal complaint, the recipient must investigate those allegations regardless of the merits of the allegations. (emphasis in original)

Title IX Regulations §106.30 Definitions and §106.45(b)(3) Dismissal of a formal complaint; 85 F.R. 30574

2020 Regulations: Investigation Requirements

2020 REGULATIONS: PRE-INVESTIGATION CONSIDERATIONS

Pre-Investigation Considerations

- Choice of Investigator
 - Internal or external professional
 - Sufficient training and experience
 - Free from conflict of interest or bias
- Investigative Protocols
- Template Communications
- Notice of Allegations
- Consolidation of Formal Complaints

Separating Support from Investigations

- Separate support/advocacy/intake functions from investigative/adjudicative functions to reduce potential for conflict of interest or perception of bias
- Conflation of roles can:
 - Impact thorough assessment of the facts
 - Create distrust/confusion by complainant
 - Give appearance of bias/lack of impartiality

Separating Support from Investigations

- Reinforce neutrality in language and communications
- Ensure sufficient resources for timely response
- Consider creative models for separation of intake from support from investigation from decision-making

2020 Regulations:

Removal of Bias or Conflict of Interest

- “Section 106.44(c) does not preclude a recipient from using Title IX personnel trained under §106.45(b)(1)(iii) to make the emergency removal decision or conduct a post-removal challenge proceeding, but if **involvement with the emergency removal process results in bias or conflict of interest for or against the complainant or respondent, §106.45(b)(1)(iii) would preclude such personnel from serving in those roles during a grievance process.**”

2020 Regulations: Written Notice of all Proceedings

- Written notice of all hearings, investigative interviews or other meetings
- With sufficient time for the party to prepare to participate
- Notice must include:
 - Date, time, location of proceeding
 - Participants invited or expected to attend
 - Purpose of the proceeding

Title IX Regulations §106.45(b)(5)(v); 85 F.R. 30424

2020 Regulations: Written Notice of Allegations

- Must provide written notice of the allegations.
 - Sufficient time to prepare a response before any initial interview
 - Sufficient details known at the time
 - identities of the parties, if known;
 - the conduct alleged to constitute sexual harassment; and
 - the date and location of the alleged incident, if known.

2020 Regulations: Written Notice of the Allegations

- Must state that:
 - the respondent is presumed not responsible for the alleged conduct
 - a determination regarding responsibility is made at the conclusion of the grievance process
- Must inform the parties:
 - they may have an advisor of their choice
 - they may inspect and review evidence gathered
 - of a prohibition against knowingly making false statements or knowingly submitting false information

Title IX Regulations § 106.45(b)(2); 85 F.R. 30576

2020 Regulations:

Written Notice of Allegations

- The notice of the allegations must:
 - Be provided with sufficient time for a party to prepare a response before an initial interview
 - While the initial notice must be sent “upon receipt” of a formal complaint, with “sufficient time” for a party to prepare for an initial interview, such provisions do not dictate a specific time frame for sending the notice, leaving recipients flexibility to, for instance, inquire of the complainant details about the allegations that should be included in the written notice that may have been omitted in the formal complaint.

Title IX Regulations §106.45(b)(2); Preamble 85 F.R. 30283

2020 Regulations: Supplemental Notice

- If during the investigation, the recipient decides to investigate allegations about the complainant or respondent that are not included in the original notice, the recipient must provide notice of the additional allegations to the parties whose identities are known.
- The Preamble makes it clear that any supplemental notice must be in writing.
 - Although § 106.45(b)(2) requires subsequent written notice to the parties as the recipient discovers additional potential violations...

Title IX Regulations §106.45(b)(2)(ii); Preamble 85 F.R. 30283

2020 REGULATIONS: CONSOLIDATION OF FORMAL COMPLAINTS

2020 Regulations:

Consolidation of Formal Complaints

- A recipient may consolidate formal complaints as to allegations of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances.

Title IX Regulations §106.45(b)(4); 85 F.R. 30576

2020 Regulations:

Consolidation of Formal Complaints

- The requirement for the same facts and circumstances means that the multiple complainants' allegations are so intertwined that their allegations directly relate to all the parties.

Title IX Regulations; Preamble 85 F.R. 30436

2020 Regulations:

Consolidation of Formal Complaints

- The Department believes that recipients and parties will benefit from knowing that recipients have discretion to consolidate formal complaints...
- Intended to give “discretion” to consolidate formal complaints that arise “out of the same facts or circumstances and involve more than one complainant, more than one respondent, or what amount to counter-complaints by one party against the other.”

Title IX Regulations; Preamble 85 F.R. 30291

2020 Regulations:

Consolidation of Formal Complaints

- If the respondent is facing an additional allegation, the respondent has a right to know what allegations have become part of the investigation for the same reasons the initial written notice of allegations is part of a fair process, and the complainant deserves to know whether additional allegations have (or have not) become part of the scope of the investigation.
- This information allows both parties to meaningfully participate during the investigation, for example by gathering and presenting inculpatory or exculpatory evidence (including fact and expert witnesses) relevant to each allegation under investigation.

Title IX Regulations; Preamble 85 F.R. 30283

Application to Specific Circumstances

- Multiple instances of a respondent engaging in misconduct towards the same complainant
- Multiple allegations by same complainant against same respondent
- Multiple allegations by different complainants against same respondent
- Respondent alleges complainant has engaged in past misconduct involving false reports

2020 REGULATIONS: EVIDENCE GATHERING

2020 Regulations:

Burden of Gathering Evidence

- Ensure that the burden of proof and the burden of gathering evidence rests on the recipient and not on the parties
 - The recipient's burden is to gather evidence sufficient to reach a determination regarding responsibility

Title IX Regulations §106.45(b)(5)(i); 85 F.R. 30127, FN 562 .

2020 Regulations:

Burden of Gathering Evidence

- Undertake a thorough search for relevant facts and evidence pertaining to a particular case, while operating under the constraints of conducting and concluding the investigation under designated, reasonably prompt time frames and without powers of subpoena.
- Such conditions limit the extensiveness or comprehensiveness of a recipient's efforts to gather evidence while reasonably expecting the recipient to gather evidence that is available.

Title IX Regulations; Preamble 85 F.R. 30292

2020 Regulations: Burden of Gathering Evidence

- The investigator is obligated to gather evidence directly related to the allegations whether or not the recipient intends to rely on such evidence (for instance, where evidence is directly related to the allegations but the recipient's investigator does not believe the evidence to be credible and thus does not intend to rely on it).

Title IX Regulations; Preamble 85 F.R. 30248-49.

2020 Regulations:

Opportunity to Participate

- Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence.

Title IX Regulations §106.45(b)(5)(ii) ; 85 F.R. 30422-23.

2020 Regulations: Witnesses & Evidence

- Provide an equal opportunity for the parties to present witnesses and evidence
 - Fact and expert witnesses
 - Inculpatory and exculpatory evidence

Title IX Regulations §106.45(b)(5)(iii); 85 F.R. 30576.

Practical Considerations for Remote Interviews

- Developing rapport
 - Allow additional time for the interview
 - Conversational language and tone
 - Avoid distractions
- Privacy considerations
 - Ensuring a private setting
 - Facilitating the presence of advisor of choice
- Sharing documents

2020 Regulations: Advisor of Choice

- Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney.
- A recipient may establish restrictions on advisors' participation, as long as the restrictions apply equally to both parties.

Title IX Regulations §106.45(b)(5)(iv); 85 F.R. 30576

2020 Regulations:

Restrictions on Advisor Participation

- We do not believe that specifying what restrictions on advisor participation may be appropriate is necessary, and we decline to remove the discretion of a recipient to restrict an advisor's participation so as not to unnecessarily limit a recipient's flexibility to conduct a grievance process that both complies with § 106.45 and, in the recipient's judgment, best serves the needs and interests of the recipient and its educational community.

Title IX Regulations; Preamble 85 F.R. 30298

2020 Regulations:

Restrictions on Advisor Participation

- “Section 106.45(b)(5)(iv) (allowing recipients to place restrictions on active participation by party advisors) and the revised introductory sentence to § 106.45(b) (requiring any rules a recipient adopts for its grievance process other than rules required under § 106.45 to apply equally to both parties) would, for example, permit a recipient to require parties personally to answer questions posed by an investigator during an interview, or personally to make any opening or closing statements the recipient allows at a live hearing, so long as such rules apply equally to both parties.”

Title IX Regulations; Preamble, 85 F.R. 30298

2020 Regulations:

Training of Advisors Not Required

- The final regulations do not require training for advisors of choice. This is because the recipient is responsible for reaching an accurate determination regarding responsibility while remaining impartial, yet a party's ability to rely on assistance from an advisor should not be limited by imposing training requirements on advisors, who by definition need not be impartial because their function is to assist one particular party.

Title IX Regulations; Preamble 85 F.R. 30333

2020 Regulations:

Training of Advisors Not Required

- To allow recipients to meet their obligations with as much flexibility as possible, the Department declines to require recipients to pre-screen a panel of assigned advisors from which a party could make a selection at a hearing, or to require provided advisors to receive training from the recipient.

Title IX Regulations; Preamble 85 F.R. 30340-41

2020 REGULATIONS: EVIDENTIARY CONSIDERATIONS

2020 Regulations: Evidentiary Considerations

- Privileged Information & Records
- Relevance
- Prior Sexual History
- Prior or Subsequent Misconduct
- Directly Related Evidence
- Setting Evidentiary Rules

2020 Regulations: Privileged Information

- Not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege

Title IX Regulations § 106.45(b)(1)(x); 85 F.R. 30361

2020 Regulations: Privileged Records

- Recipient cannot access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the recipient obtains that party's voluntary, written consent to do so for a grievance process under this section.

Title IX Regulations § 106.45(b)(5)(i); 85 F.R. 30423

2020 Regulations: Relevance

- The final regulations do not define relevance, and the ordinary meaning of the word should be understood and applied.

Title IX Regulations; Preamble 85 F.R. 30247, FN 1018.

2020 Regulations: Relevance

- “While the proposed rules do not speak to
 - admissibility of hearsay,
 - prior bad acts,
 - character evidence,
 - polygraph (lie detector) results,
 - standards for authentication of evidence,
 - or similar issues concerning evidence,
- the final regulations require recipients to gather and evaluate relevant evidence, with the understanding that
...

Title IX Regulations; 85 F.R. 30247

2020 Regulations: Relevance

- this includes both inculpatory and exculpatory evidence, and
- the final regulations deem questions and evidence about a complainant's prior sexual behavior to be irrelevant with two exceptions, and
- preclude use of any information protected by a legally recognized privilege (e.g., attorney-client).”

Title IX Regulations; 85 F.R. 30247

2020 Regulations: Prior Sexual History

- Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered:
 - To prove that someone other than the respondent committed the conduct alleged by the complainant, or
 - To prove consent, if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent.

Title IX Regulations §§ 106.45(b)(1)(iii) and 106.45(b)(6); 85 F.R. 30461

2020 Regulations: Prior Sexual History

- Only applies to complainants
 - The Department reiterates that the rape shield language in this provision does not pertain to the sexual predisposition or sexual behavior of respondents, so evidence of a pattern of inappropriate behavior by an alleged harasser must be judged for relevance as any other evidence must be.

Title IX Regulations §§ 106.45(b)(1)(iii) and 106.45(b)(6); Preamble 85 F.R. 30353

2020 Regulations:

Prior Sexual History: Motive

- The Department disagrees that the rape shield language is too broad. Scenarios described by commenters, where a respondent might wish to prove the complainant had a motive to fabricate or conceal a sexual interaction, do not require admission or consideration of the complainant's sexual behavior.
- Respondents in that scenario could probe a complainant's motive by, for example, inquiring whether a complainant had a dating or romantic relationship with a person other than the respondent, without delving into a complainant's sexual behavior; sexual behavior evidence would remain irrelevant in such circumstances.

Title IX Regulations §§ 106.45(b)(1)(iii) and 106.45(b)(6); Preamble, 85 F.R. 30351

2020 Regulations:

Prior or Subsequent Misconduct

- The regulations do not prohibit the use of prior or subsequent misconduct
 - “Evidence of a pattern of inappropriate behavior by an alleged harasser” permitted if relevant
- Schools will need to determine if such conduct is:
 - Relevant
 - May be used in determining responsibility
 - May be used in sanctioning
- If so, will need to set criteria for consideration

2020 Regulations: Flexibility to Adopt Rules

- “Within these evidentiary parameters recipients retain the flexibility to adopt rules that govern how the recipient’s investigator and decision-maker evaluate evidence and conduct the grievance process (so long as such rules apply equally to both parties).
- Relevance is the standard that these final regulations require, and any evidentiary rules that a recipient chooses must respect this standard of relevance.
- For example, a recipient may not adopt a rule excluding relevant evidence because such relevant evidence may be unduly prejudicial, concern prior bad acts, or constitute character evidence.”

Title IX Regulations; Preamble 85 F.R. 30248

2020 Regulations: Evidentiary Rules Must Consider

2020 REGULATIONS: EVIDENCE REVIEW

2020 Regulations: Evidence Review

- “Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint so that each party can meaningfully respond to the evidence prior to conclusion of the investigation.”

2020 Regulations: Evidence Review

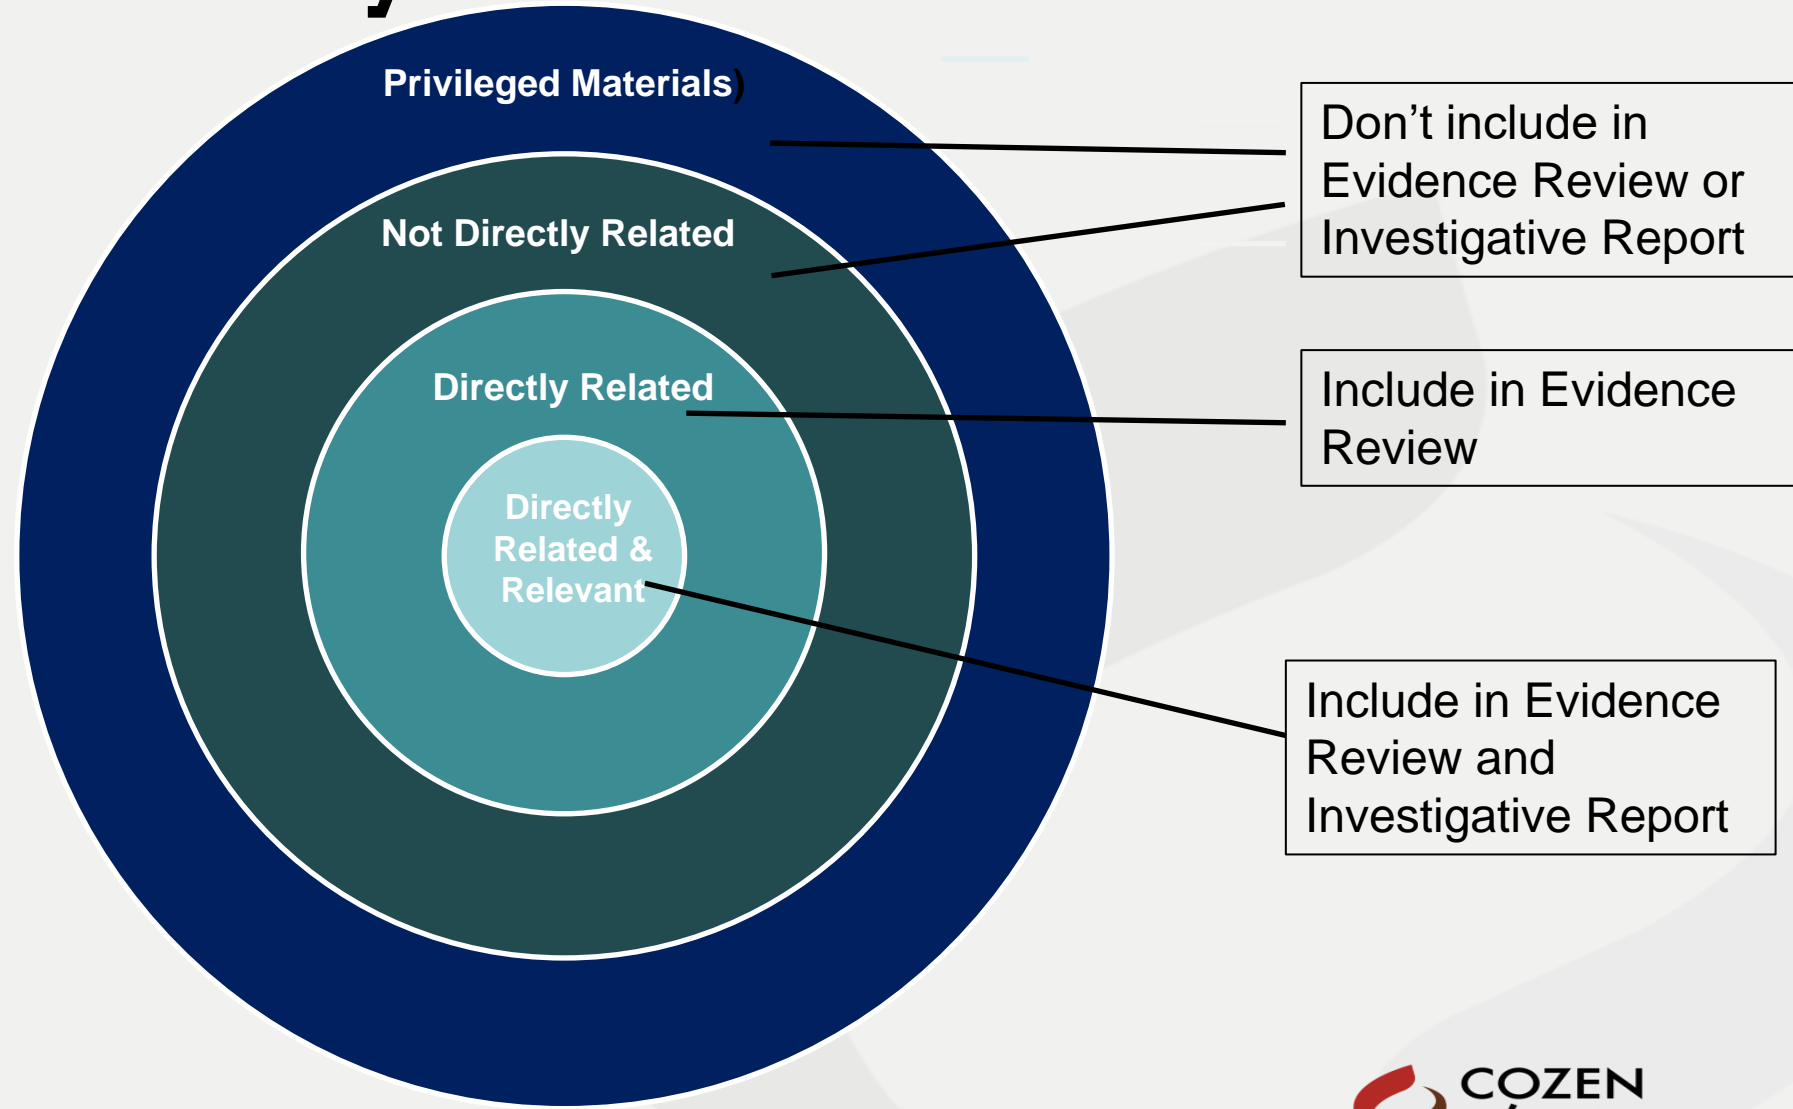

- “Recipient must send to each party and the party’s advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties must have at least 10 days to submit a written response, which the investigator will consider prior to completion of the investigative report.”

Title IX Regulations §§ 106.45(b)(5)(vi); 85 F.R. 30576

2020 Regulations: Evidence Review

- Allowing parties the opportunity to inspect this broader universe of evidence will further each party's own interests by identifying evidence either overlooked by the investigator or erroneously deemed relevant or irrelevant.

2020 Regulations: Evidentiary Levels for Inclusion

2020 Regulations: Directly Related

- Not defined in the regulations or the Preamble
 - The Department declines to define certain terms such as “evidence directly related to the allegations,” as these terms should be interpreted using their plain and ordinary meaning.
- “Directly related” aligns with the requirements in FERPA
 - The Department previously noted that the “directly related to” requirement in § 106.45(b)(vi) aligns with FERPA.
 - For example, the regulations implementing FERPA define education records as records that are “directly related to a student” pursuant to § 99.3.
- Left to the discretion of the school
 - [T]he school has some discretion to determine what evidence is directly related to the allegations in a formal complaint.

Title IX Regulations; Preamble 85 F.R. 30304, 30428.

2020 Regulations: Directly Related

- [T]he universe of that exchanged evidence should include all evidence (inculpatory and exculpatory) that relates to the allegations under investigation, without the investigator having screened out evidence related to the allegations that the investigator does not believe is relevant.

Title IX Regulations §106.45(b)(5)(vi); Preamble 85 F.R. 30304

2020 Regulations:

Directly Related vs. Relevant

- Evidence that is “directly related to the allegations” may encompass a broader universe of evidence than evidence that is “relevant.”
- The Department does not believe that determinations about whether certain questions or evidence are relevant or directly related to the allegations at issue requires legal training and that such factual determinations reasonably can be made by layperson recipient officials impartially applying logic and common sense.

Title IX Regulations; Preamble, 85 F.R. 30304, 30321.

2020 Regulations: Directly Related

- Redacting information within evidence (documents, interviews, medical records, etc.)
- May be redacted if:
 - Not directly related to the allegations
 - Privileged, or
 - Obtained without proper consent
- A recipient may permit or require the investigator to redact information ... such as information protected by a legally recognized privilege ... contained within documents ... that are directly related to the allegations, before sending the evidence to the parties for inspection and review.

Title IX Regulations; Preamble 85 F.R. 30304

2020 Regulations: Directly Related

- Imposing restrictions on dissemination or use
 - Recipients may impose on the parties and party advisors restrictions or require a non-disclosure agreement not to disseminate or use any of the evidence for a purpose unrelated to the Title IX grievance process.
 - As long as doing so does not violate the regulations or law.

Title IX Regulations; Preamble 85 F.R. 30304.

2020 Regulations: Directly Related

- Exception for evidence that is obtained illegally, such as a wiretap violation
 - If a recipient knows that a recording is unlawfully created under State law, then the recipient should not share a copy of such unlawful recording. The Department is not requiring a recipient to disseminate any evidence that was illegally or unlawfully obtained.

Title IX Regulations; Preamble 85 F.R. 30427.

2020 Regulations: Scope of Parties' Review

- The parties may make corrections, provide appropriate context, and prepare their responses and defenses before a decision-maker reaches a determination regarding responsibility.
- If relevant evidence seems to be missing, a party can point that out to the investigator, and if it turns out that relevant evidence was destroyed by a party, the decision-maker can take that into account in assessing the credibility of parties, and the weight of evidence in the case.

Title IX Regulations; Preamble 85 F.R. 30305, 30300

2020 REGULATIONS: INVESTIGATIVE REPORT

2020 Regulations: Investigative Report

- Create an investigative report that fairly summarizes relevant evidence and
- Send to each party and the party’s advisor, if any, the investigative report in an electronic format or a hard copy, for their review and written response, at least 10 days prior to the determination of responsibility (hearing)
 - This opportunity allows the parties to “effectively provide context to the evidence included in the report” and to “advance their own interests for consideration by the decision-maker.”

Title IX Regulations §§ 106.45(b)(5)(vii); Preamble 85 F.R. 30254, 30307, 30309

2020 Regulations: Investigative Report

- The regulations do not address the specific contents of the investigative report other than specifying its core purpose of summarizing the relevant evidence.
- The Department takes no position here on such elements beyond what is required in these final regulations; namely, that the investigative report must fairly summarize relevant evidence.

Title IX Regulations §§ 106.45(b)(5)(vii); Preamble 85 F.R. 30310.

2020 Regulations: Investigative Report

- We note that the decision-maker must prepare a written determination regarding responsibility that must contain certain specific elements (for instance, a description of procedural steps taken during the investigation) and so a recipient may wish to instruct the investigator to include such matters in the investigative report, but these final regulations do not prescribe the contents of the investigative report other than specifying its core purpose of summarizing relevant evidence.

2020 Regulations:

Content for Written Determination

- Must issue a simultaneous written determination regarding responsibility, including
 - Identification of the allegations
 - Description of the procedural steps taken from the receipt of the formal complaint through the determination
 - Findings of fact supporting the determination
 - Conclusions regarding the application of the recipient's code of conduct to the facts
 - Rationale
 - Appeal procedures

2020 Regulations:

Investigative Report: Findings?

- The Department does not wish to prohibit the investigator from including recommended findings or conclusions in the investigative report.
- However, the decision-maker is under an independent obligation to objectively evaluate relevant evidence, and thus cannot simply defer to recommendations made by the investigator in the investigative report.
- If a recipient chooses to include a credibility analysis in its investigative report, the recipient must be cautious not to violate § 106.45(b)(7)(i), prohibiting the decision-maker from being the same person as the Title IX Coordinator or the investigator.

Title IX Regulations §§ 106.45(b)(5)(vii); Preamble 85 F.R. 30308, 30436

2020 Regulations: Investigative Report: Findings?

- § 106.45(b)(7)(i) prevents an investigator from actually making a determination regarding responsibility.
- If an investigator's determination regarding credibility is actually a determination regarding responsibility, then §106.45(b)(7)(i) would prohibit it.

Title IX Regulations §§ 106.45(b)(5)(vii); Preamble 85 F.R. 30436

2020 Regulations: Revisiting Relevance

- Fairly summarizes the relevant evidence
- Investigator may redact information from the report
 - Recipients may permit or require the investigator to redact from the investigative report information that is not relevant, which is contained in documents or evidence that is relevant.

Title IX Regulations §§ 106.45(b)(5)(vii); Preamble 85 F.R. 30436

2020 Regulations: Investigative Report

- Allow parties to provide a written response to the investigative report
 - Recipients must also give the parties meaningful opportunity to understand what evidence the recipient collects and believes is relevant, so the parties can advance their own interests for consideration by the decision-maker.
 - The decision-maker is obligated to objectively evaluate all relevant evidence and the parties have the opportunity to argue about what is relevant (and about the persuasiveness of relevant evidence).

Title IX Regulations §§ 106.45(b)(5)(vii); Preamble 85 F.R. 30309, 30249

2020 Regulations: Investigative Report

- At least 10 days prior to the determination of responsibility (hearing)
 - Without advance knowledge of the investigative report, the parties will be unable to effectively provide context to the evidence included in the report.
 - A valuable part of this process is giving the parties (and advisors who are providing assistance and advice to the parties) adequate time to review, assess, and respond to the investigative report in order to fairly prepare for the live hearing or submit arguments to a decision-maker where a hearing is not required or otherwise provided.

Title IX Regulations §§ 106.45(b)(5)(vii); Preamble 85 F.R. 30309 .

2020 Regulations: Investigative Report

- At least 10 days prior to the determination of responsibility (hearing)
 - The parties then have equal opportunity to review the investigative report; if a party disagrees with an investigator's determination about relevance, the party can make that argument in the party's written response to the investigative report and to the decision-maker at any hearing held.

Title IX Regulations §§ 106.45(b)(5)(vii); Preamble 85 F.R. 30248-49

2020 REGULATIONS: REASONABLY PROMPT TIME FRAMES

2020 Regulations:

Reasonably Prompt Time Frames

- The grievance process must include:
 - reasonably prompt time frames for conclusion of the grievance process, including reasonably prompt time frames for filing and resolving appeals and informal resolution processes if the recipient offers informal resolution processes
 - a process that allows for the temporary delay of the grievance process or the limited extension of time frames for good cause with written notice to the complainant and the respondent of the delay or extension and the reasons for the action

Title IX Regulations §106.45(b)(1)(v); 85 F.R. 30522, 30575

2020 Regulations:

Reasonably Prompt Time Frames

- The grievance process must include:
 - reasonably prompt time frames for conclusion of the grievance process, including reasonably prompt time frames for filing and resolving appeals and informal resolution processes if the recipient offers informal resolution processes
 - a process that allows for the temporary delay of the grievance process or the limited extension of time frames for good cause with written notice to the complainant and the respondent of the delay or extension and the reasons for the action
- Good cause may include considerations such as:
 - the absence of a party, a party's advisor, or a witness;
 - concurrent law enforcement activity;
 - the need for language assistance or accommodation of disabilities

Title IX Regulations §106.45(b)(1)(v); 85 F.R. 30575

2020 Regulations:

Reasonably Prompt Time Frames

- A recipient must resolve each formal complaint of sexual harassment according to the time frames the recipient has committed to in its grievance process.
- The Department believes that each recipient is in the best position to balance promptness with fairness and accuracy based on the recipient's unique attributes and the recipient's experience with its own student disciplinary proceedings, and thus requires recipients to include "reasonably prompt time frames" for conclusion of a grievance process that complies with these final regulations.

Title IX Regulations §106.45(b)(1)(v); Preamble 85 F.R. 30269

2020 REGULATIONS: OVERVIEW OF HEARING REQUIREMENTS

2020 REGULATIONS: ROLE OF DECISION-MAKER

2020 Regulations:

Determine Relevance of Questions

- Before a complainant, respondent, or witness answers a cross-examination or other question, the decision-maker(s) must first determine whether the question is relevant ...

Title IX Regulations § 106.45(b)(6)

2020 Regulations:

Explain Decisions to Exclude Questions

- The decision-maker(s) must explain to the party proposing the questions any decision to exclude a question as not relevant.

Title IX Regulations § 106.45(b)(6)

2020 Regulations: Apply the Standard of Evidence

- To reach [a] determination, the recipient must apply the standard of evidence described in paragraph (b)(1)(vii) of this section.

Title IX Regulations § 106.45(b)(7)

2020 Regulations:

Issue Written Determinations

- The decision-maker(s) ... must issue a simultaneous written determination regarding responsibility, including
 - Identification of the allegations
 - Description of the procedural steps taken from the receipt of the formal complaint through the determination
 - Findings of fact supporting the determination
 - Conclusions regarding the application of the recipient's code of conduct to the facts
 - Rationale
 - Appeal procedures

Title IX Regulations § 106.45(b)(7)

2020 Regulations: Separate Decision-Maker

- The Department wishes to clarify that the final regulations require the Title IX Coordinator and investigator to be different individuals from the decision-maker, but nothing in the final regulations requires the Title IX Coordinator to be an individual different from the investigator.

Title IX Regulations; Preamble 85 F.R. 30372

2020 Regulations: Investigator May not Determine Responsibility

- § 106.45(b)(7)(i) prevents an investigator from actually making a determination regarding responsibility.

Title IX Regulations §§ 106.45(b)(5)(vii); Preamble 85 F.R. 30436

2020 Regulations: Decision-Maker Must Determine Responsibility

- Nothing in the final regulations prevents Title IX Coordinators from offering recommendations regarding responsibility to the decision-maker for consideration, but the final regulations require the ultimate determination regarding responsibility to be reached by an individual (i.e., the decision-maker) who did not participate in the case as an investigator or Title IX Coordinator.

Title IX Regulations; Preamble 85 F.R. 30372

2020 Regulations:

Independent Obligation to Evaluate Evidence

- The Department does not wish to prohibit the investigator from including recommended findings or conclusions in the investigative report.
- However, the decision-maker is under an independent obligation to objectively evaluate relevant evidence, and thus cannot simply defer to recommendations made by the investigator in the investigative report.

Title IX Regulations §§ 106.45(b)(5)(vii); Preamble 85 F.R. 30308 & 30436

2020 Regulations: Independent Obligation to Evaluate Credibility

- If a recipient chooses to include a credibility analysis in its investigative report, the recipient must be cautious not to violate § 106.45(b)(7)(i), prohibiting the decision-maker from being the same person as the Title IX Coordinator or the investigator.
- If an investigator's determination regarding credibility is actually a determination regarding responsibility, then §106.45(b)(7)(i) would prohibit it.

Title IX Regulations §§ 106.45(b)(5)(vii); Preamble 85 F.R. 30308 & 30436

2020 REGULATIONS: ADVISOR OF CHOICE

2020 Regulations: Advisor of Choice

- Parties must have the same opportunities to ... be accompanied to any related meeting or proceeding by an advisor of their choice.
- The advisor may be, but is not required to be, an attorney.
- A recipient may establish restrictions on advisors' participation, as long as the restrictions apply equally to both parties.
- “[T]he role of an advisor is to assist and advise the party.”

Title IX Regulations §106.45(b)(5)(iv); Preamble 85 F.R. 30328.

VAWA: Advisor of Choice

- Provide the accuser and the accused with the same opportunities to have others present during any institutional disciplinary proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the **advisor of their choice**
- **Not limit the choice of advisor** or presence for either the accuser or the accused in any meeting or institutional disciplinary proceeding
- However, the institution **may establish restrictions regarding the extent to which the advisor may participate in the proceedings**, as long as the restrictions apply equally to both parties

Violence Against Women Reauthorization Act § 668.46(k)(2)(iii)-(iv); 79 F.R. 62789

2020 Regulations:

No Limit as to Conflicts of Interest

- The Department notes that the 106.45 (b)(1)(iii) prohibition of Title IX personnel having conflicts of interest or bias does not apply to party advisors (including advisors provided to a party by a post secondary institution as required under 106.45(b)(6)(i)) and thus, the existence of a possible conflict of interest where an advisor is assisting one party and also expected to give a statements as a witness does not violate the final regulations.

2020 REGULATIONS: ROLE OF THE ADVISOR AT HEARING

2020 Regulations: Role of the Advisor

- At the live hearing, the decision-maker(s) must permit each party's advisor to ask the other party and any witnesses all relevant questions and follow-up questions, including those challenging credibility.

Title IX Regulations § 106.45(b)(6)

2020 Regulations: Advisor's Role at the Hearing

- Such cross-examination at the live hearing must be conducted directly, orally, and in real time by the party's advisor of choice and never by a party personally, notwithstanding the discretion of the recipient under paragraph (b)(5)(iv) of this section to otherwise restrict the extent to which advisors may participate in the proceedings.

Title IX Regulations; Preamble, 85 F.R. 30336, 30577.

2020 Regulations: Cross-Examination by Advisor

- [A] party's advisor may appear and conduct cross-examination even when the party whom they are advising does not appear.

Title IX Regulations; Preamble 85 F.R. 30346

2020 Regulations:

Discretion as to Advisor's Role

- Section 106.45(b)(5)(iv) (allowing recipients to place restrictions on active participation by party advisors) and the revised introductory sentence to § 106.45(b) (requiring any rules a recipient adopts for its grievance process other than rules required under § 106.45 to apply equally to both parties) would, for example, permit a recipient to require parties personally to answer questions posed by an investigator during an interview, or personally to make any opening or closing statements the recipient allows at a live hearing, so long as such rules apply equally to both parties.

2020 Regulations: Discretion as to Advisor's Role

- We do not believe that specifying what restrictions on advisor participation may be appropriate is necessary, and we decline to remove the discretion of a recipient to restrict an advisor's participation so as not to unnecessarily limit a recipient's flexibility to conduct a grievance process that both complies with § 106.45 and, in the recipient's judgment, best serves the needs and interests of the recipient and its educational community.

Title IX Regulations, Preamble, 85 F.R. 30298

2020 Regulations: Obligation to Provide an Advisor

- If a party does not have an advisor present at the live hearing, the recipient must provide without fee or charge to that party, an advisor of the recipient's choice, who may be, but is not required to be, an attorney, to conduct cross-examination on behalf of that party.

Title IX Regulations § 106.45(b)(6)

2020 Regulations:

Must Provide Advisor Even in Party's Absence

- [W]here one party does not appear and that party's advisor of choice does not appear, a recipient-provided advisor must still cross-examine the other, appearing party "on behalf of" the non-appearing party, resulting in consideration of the appearing party's statements but not the non-appearing party's statements (without any inference being drawn based on the non-appearance).

Title IX Regulations; Preamble 85 F.R. 30346

2020 Regulations: Appearance Without an Advisor

- The final regulations do not preclude recipients from adopting a rule that requires parties to inform the recipient in advance of a hearing whether the party intends to bring an advisor of choice to the hearing; but if a party then appears at a hearing without an advisor the recipient would need to stop the hearing as necessary to permit the recipient to assign an advisor to that party to conduct cross-examination.

Title IX Regulations; Preamble 85 F.R. 30342

2020 Regulations: Refusal to Conduct Cross-Examination

- A party cannot “fire” an assigned advisor during the hearing, but if the party correctly asserts that the assigned advisor is refusing to “conduct cross-examination on the party’s behalf” then the recipient is obligated to provide the party an advisor to perform that function, whether that means counseling the assigned advisor to perform that role, or stopping the hearing to assign a different advisor. ...

Title IX Regulations 85 F.R. 30342

2020 Regulations: Party Cannot Conduct Own Cross-Examination

- If a party to whom the recipient assigns an advisor refuses to work with the advisor when the advisor is willing to conduct cross-examination on the party's behalf, then for reasons described above that party has no right of self-representation with respect to conducting cross-examination, and that party would not be able to pose any cross-examination questions.

Title IX Regulations § 106.45(b)(6)
Title IX Regulations 85 F.R. 30342

2020 REGULATIONS: CROSS-EXAMINATION BY ADVISOR

2020 Regulations: Cross-Examination

- At the live hearing, the decision-maker(s) must permit each party's advisor to ask the other party and any witnesses all relevant questions and follow-up questions, including those challenging credibility.

2020 Regulations: Cross-Examination

- Such cross-examination at the live hearing must be conducted directly, orally, and in real time by the party's advisor of choice and never by a party personally, notwithstanding the discretion of the recipient under paragraph (b)(5)(iv) of this section to otherwise restrict the extent to which advisors may participate in the proceedings.

Title IX Regulations § 106.45(b)(6)

2020 Regulations: Recap on Evidence Review

- “Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in a formal complaint so that each party can meaningfully respond to the evidence prior to conclusion of the investigation.”

Title IX Regulations § 106.45(b)(5)(vi); 85 F.R. 30411

2020 Regulations:

Availability of Evidence at the Hearing

- The recipient must make all such evidence subject to the parties' inspection and review [directly related evidence shared at the evidence review] available at any hearing to give each party equal opportunity to refer to such evidence during the hearing, including for purposes of cross-examination.

Title IX Regulations § 106.45(b)(5)(vi)

2020 Regulations: Opportunity to Challenge Evidence

- Cross-examination in the § 106.45 grievance process is intended to give both parties equal opportunity to meaningfully challenge the plausibility, reliability, credibility, and consistency of the other party and witnesses so that the outcome of each individual case is more likely to be factually accurate, reducing the likelihood of either type of erroneous outcome (i.e., inaccurately finding a respondent to be responsible, or inaccurately finding a respondent to be non-responsible).

2020 Regulations: Questions to Advance a Party's Interest

- The Department clarifies here that conducting cross-examination consists simply of posing questions intended to advance the asking party's perspective with respect to the specific allegations at issue; no legal or other training or expertise can or should be required to ask factual questions in the context of a Title IX grievance process.

Title IX Regulations; Preamble 85 F.R. 30319

2020 Regulations: Cross-Examination

- Only relevant cross-examination and other questions may be asked of a party or witness.
- Before a complainant, respondent, or witness answers a cross-examination or other question, the decision-maker(s) must first determine whether the question is relevant ...
- The decision-maker(s) must explain to the party proposing the questions any decision to exclude a question as not relevant.

Title IX Regulations § 106.45(b)(6)

2020 Regulations: Determinations Regarding Relevance

- The final regulations do not preclude a recipient from adopting a rule (applied equally to both parties) that does, or does not, give parties or advisors the right to discuss the relevance determination with the decision-maker during the hearing.
- If a recipient believes that arguments about a relevance determination during a hearing would unnecessarily protract the hearing or become uncomfortable for parties, the recipient may adopt a rule that prevents parties and advisors from challenging the relevance determination (after receiving the decision-maker's explanation) during the hearing.

Title IX Regulations § 106.45(b)(6)

Title IX Regulations; Preamble 85 F.R 30343

2020 Regulations: “Pause” to Reinforce Decorum

- We have also revised § 106.45(b)(6)(i) in a manner that builds in a “pause” to the cross-examination process; before a party or witness answers a cross-examination question, the decision-maker must determine if the question is relevant.
- This helps ensure that content of cross-examination remains focused only on relevant questions and that the pace of cross-examination does not place undue pressure on a party or witness to answer immediately.

2020 Regulations: Rules of Decorum

- The final regulations do not preclude a recipient from enforcing rules of decorum that ensure all participants, including parties and advisors, participate respectfully and non-abusively during a hearing.
- If a party's advisor of choice refuses to comply with a recipient's rules of decorum (for example, by insisting on yelling at the other party), the recipient may require the party to use a different advisor.

2020 Regulations: Rules of Decorum

- Similarly, if an advisor that the recipient provides refuses to comply with a recipient's rules of decorum, the recipient may provide that party with a different advisor to conduct cross-examination on behalf of that party.
- This incentivizes a party to work with an advisor of choice in a manner that complies with a recipient's rules that govern the conduct of a hearing, and incentivizes recipients to appoint advisors who also will comply with such rules, so that hearings are conducted with respect for all participants.

2020 Regulations: Training Not Required for Advisors

- The Department declines to require training for assigned advisors because the goal of this provision is not to make parties “feel adequately represented” but rather to ensure that the parties have the opportunity for their own view of the case to be probed in front of the decision-maker.

Title IX Regulations; Preamble 85 F.R. 30342

2020 Regulations: May Not Impose Training Requirements

- Recipients may not impose training or competency assessments on advisors of choice selected by parties, but nothing in the final regulations prevents a recipient from training and assessing the competency of its own employees whom the recipient may desire to appoint as party advisors.

Title IX Regulations; Preamble 85 F.R. 30342

2020 Regulations: Statements During Informal Resolution

- The Department appreciates commenters' concerns that comprehensive rules of evidence adopted in civil and criminal courts throughout the U.S. legal system apply detailed, complex rules to certain types of evidence resulting in exclusion of evidence that is otherwise relevant to further certain public policy values (e.g., exclusion of statements made during settlement negotiations, exclusion of hearsay subject to specifically-defined exceptions, exclusion of character or prior bad act evidence subject to certain exceptions, exclusion of relevant evidence when its probative value is substantially outweighed by risk of prejudice, and other admissibility rules).

Title IX Regulations; Preamble 85 F.R. 30337

2020 REGULATIONS: THE LIVE HEARING REQUIREMENT

2020 Regulations: Live Hearing Required

- For postsecondary institutions, the recipient's grievance process must provide for a live hearing.

Title IX Regulations § 106.45(b)(6)

2020 Regulations: Live Hearing Required

- [A] live hearing gives both parties the most meaningful, transparent opportunity to present their views of the case to the decision-maker, reducing the likelihood of biased decisions, improving the accuracy of outcomes, and increasing party and public confidence in the fairness and reliability of outcomes of Title IX adjudications.

Title IX Regulations; Preamble 85 F.R. 30359 .

2020 Regulations: Option to Use Technology

- Live hearings pursuant to this paragraph may be conducted with all parties physically present in the same geographic location or, at the recipient's direction, any or all parties, witnesses and other participants may appear at the live hearing virtually, with technology enabling participants simultaneously to see and hear each other.

Title IX Regulations § 106.45(b)(6)

2020 Regulations: Virtual Hearing Considerations

- At the request of either party, the recipient must provide for the live hearing to occur with the parties located in separate rooms with technology enabling the decision-maker(s) and parties to simultaneously see and hear the party or the witness answering questions.

Title IX Regulations § 106.45(b)(6)

2020 Regulations: Virtual Hearing Considerations

- The Department agrees with commenters who asserted that cross-examination provides opportunity for a decision-maker to assess credibility based on a number of factors, including evaluation of body language and demeanor, specific details, inherent plausibility, internal consistency, and corroborative evidence.

Title IX Regulations; Preamble 85 F.R. 30321;

2020 Regulations: Virtual Hearing Considerations

- The final regulations grant recipients discretion to allow participants, including witnesses, to appear at a live hearing virtually; however, technology must enable all participants to see and hear other participants, so a telephonic appearance would not be sufficient to comply with §106.45(b)(6)(i).

Title IX Regulations; Preamble 85 F.R. 30348

2020 Regulations: Flexibility to Adopt Rules

- Recipients may adopt rules that govern the conduct and decorum of participants at live hearings so long as such rules comply with these final regulations and apply equally to both parties.

Title IX Regulations; Preamble 85 F.R. 30315

2020 Regulations: Flexibility to Adopt Rules

- Within these evidentiary parameters recipients retain the flexibility to adopt rules that govern how the recipient's investigator and decision-maker evaluate evidence and conduct the grievance process (so long as such rules apply equally to both parties).

Title IX Regulations; Preamble, 85 F.R. 30248

2020 Regulations: Relevance Limitation on Flexibility

- Relevance is the standard that these final regulations require, and any evidentiary rules that a recipient chooses must respect this standard of relevance.
- For example, a recipient may not adopt a rule excluding relevant evidence because such relevant evidence may be unduly prejudicial, concern prior bad acts, or constitute character evidence.

Title IX Regulations; Preamble, 85 F.R. 30248

Participation by Parties and Witnesses

- The Department understands commenters concerns that **respondents, complainants, and witnesses may be absent from a hearing**, or may refuse to submit to cross-examination, for a variety of reasons, including a respondent's self-incrimination concerns regarding a related criminal proceeding, a complainant's reluctance to be cross-examined, or a witness studying abroad, among many other reasons.

Title IX Regulations; Preamble 85 F.R. 30346

Participation by Parties and Witnesses

- In response to commenters' concerns, the Department has revised the proposed regulations as follows:
 - (1) We have revised § 106.45(b)(6)(i) to state that where a decision-maker must not rely on an absent or non-cross examined party or witness's statements, the decision-maker **cannot draw any inferences about the determination regarding responsibility based on such absence or refusal** to be cross-examined;
 - (2) We have revised § 106.45(b)(6)(i) to grant a recipient discretion to hold the entire hearing **virtually using technology** that enables any or all participants to appear remotely;

Title IX Regulations; Preamble 85 F.R. 30346

Participation by Parties and Witnesses

- (3) § 106.71 **expressly prohibits retaliation** against any party, witness, or other person exercising rights under Title IX, including the right to participate or refuse to participate in a grievance process;
- (4) § 106.45(b)(3)(ii) grants a recipient **discretion to dismiss a formal complaint**, or allegations therein, where the complainant notifies the Title IX Coordinator in writing that the **complainant wishes to withdraw** the allegations, or **the respondent is no longer enrolled or employed** by the recipient, or **specific circumstances prevent the recipient from gathering evidence** sufficient to reach a determination.
- These changes address many of the concerns raised by commenters stemming from reasons why parties or witnesses may not wish to participate and the consequences of non-participation.

Title IX Regulations; Preamble 85 F.R. 30346

2020 Regulations: Participation by the Complainant

- Where a grievance process is initiated because the Title IX Coordinator, and not the complainant, signed the formal complaint, the complainant who did not wish to initiate a grievance process remains under no obligation to then participate in the grievance process, and the Department does not believe that exclusion of the complainant's statements in such a scenario is unfair to the complainant, who did not wish to file a formal complaint in the first place yet remains eligible to receive supportive measures protecting the complainant's equal access to education.

Title IX Regulations; Preamble 85 F.R. 30346

2020 Regulations: Transcript or Recording

- Recipients must create an audio or audiovisual recording, or transcript, of any live hearing and make it available to the parties for inspection and review.

Title IX Regulations § 106.45(b)(6)

2020 REGULATIONS: STANDARD OF EVIDENCE

2020 Regulations: Standard of Evidence

- [T]he recipient must apply the same standard of evidence to student and employee matters, using either the clear and convincing standard or the preponderance of the evidence standard.
- The recipient must apply the same standard of evidence to all formal complaints of sexual harassment.

Title IX Regulations § 106.45(b)(6)

2020 Regulations: Standard of Evidence

- For reasons described above, the Department has determined that the approach to the standard of evidence contained in § 106.45(b)(1)(vii) and § 106.45(b)(7)(i) of the final regulations represents the most effective way of legally obligating recipients to select a standard of evidence for use in resolving formal complaints of sexual harassment under Title IX to ensure a fair, reliable grievance process without unnecessarily mandating that a recipient select one standard over the other.

2020 Regulations: Standard of Evidence

- In short, under the final regulations the same standard of evidence will apply to all formal complaints of sexual harassment under Title IX responded to by a particular recipient, whether the respondent is a student or employee.

Standard of Evidence

- Beyond a Reasonable Doubt
- Clear and Convincing Evidence
- Preponderance of the Evidence
- Some Evidence

Clear and Convincing*

- The evidence is highly and substantially more likely to be true than untrue
- The fact finder must be convinced that the contention is highly probable
- Proof which requires more than a preponderance of the evidence but less than proof beyond a reasonable doubt
- Clear and convincing proof will be shown where the truth of the facts asserted is highly probable
- Quality of the evidence, not quantity
- NOT beyond a reasonable doubt

* Based on common usage.

Preponderance of the Evidence*

- More likely to be true than not
- More probable than not
- The greater weight of the evidence
- Tipping the scale ever so slightly
- 51%
- Based on the more convincing evidence and it's probable truth or accuracy, not on the amount
- Quality of the evidence, not quantity
- NOT beyond a reasonable doubt

* Based on common usage.

2020 REGULATIONS: SANCTIONING

2020 Regulations: Sanctioning

- An equitable response for a respondent means a grievance process that complies with § 106.45 before the imposition of any disciplinary sanctions or other actions that are not supportive measures, as defined in § 106.30.
- The grievance process must describe the range of possible disciplinary sanctions and remedies.

Title IX Regulations § 106.44 (a); § 106.45(b)(1)(vii); 85 F.R. 30575, 30395

2020 Regulations: Discretion in Sanctioning

- The Department does not wish to dictate to recipients the sanctions that should be imposed when a respondent is found responsible for sexual harassment as each formal complaint of sexual harassment presents unique facts and circumstances.
- As previously stated, the Department believes that teachers and local school leaders with unique knowledge of the school climate and student body, are best positioned to make disciplinary decisions.

2020 Regulations: Educational Purpose

- Because the final regulations do not require particular disciplinary sanctions, the final regulations do not preclude a recipient from imposing student discipline as part of an “educational purpose” that may differ from the purpose for which a recipient imposes employee discipline.

Title IX Regulations; Preamble 85 F.R. 30377, 30394

2020 Regulations: Appeal of Sanction

- The Department notes that under the final regulations, whether the parties can appeal based solely on the severity of sanctions is left to the recipient's discretion, though if the recipient allows appeals on that basis, both parties must have equal opportunity to appeal on that basis.

Title IX Regulations; Preamble 85 F.R. 30397

2020 REGULATIONS: APPEALS

Appeals

- A recipient must offer both parties an appeal from a determination regarding responsibility, and from a recipient’s dismissal of a formal complaint or any allegations therein, on the following bases:
 - Procedural irregularity that affected the outcome of the matter
 - New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
 - The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individuals complainant or respondent that affected the outcome of the matter.
- A recipient may offer an appeal equally to both parties on additional bases.

Title IX Regulations §106.45 (b)(8)

2020 Regulations: Appeals

- As to all appeals, the recipient must:
 - Notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties;
 - Ensure that the decision-maker(s) for the appeal is not the same person as the decision-maker(s) that reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator;
 - Ensure that the decision-maker(s) for the appeal complies with the standards set forth in paragraph (b)(1)(iii) of this section [regarding no conflict of interest or bias, and properly trained];
 - Give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging the outcome;
 - Issue a written decision describing the result of the appeal and the rationale for the result; and
 - Provide written decision simultaneously.

INJUNCTION UPDATE

Tennessee v. Cardona

- Bars the entirety of 2024 regulations from enforcement in Tennessee, Kentucky, Ohio, **Indiana**, Virginia, and West Virginia
 - “The US Department of Education ... [is] ENJOINED and RESTRAINED from implementing, enacting, enforcing, or taking any action in any manner to enforce the [2024 regulations] ... which [are] scheduled to take effect on August 1, 2024.”
- Meaning: to the extent that the 2020 regulations and the 2024 regulations conflict, the new regulations *cannot be enacted*. The 2020 regulations are the law of the land states where *Tennessee v. Cardona* applies.

Tennessee v. Cardona – Irreparable Harm

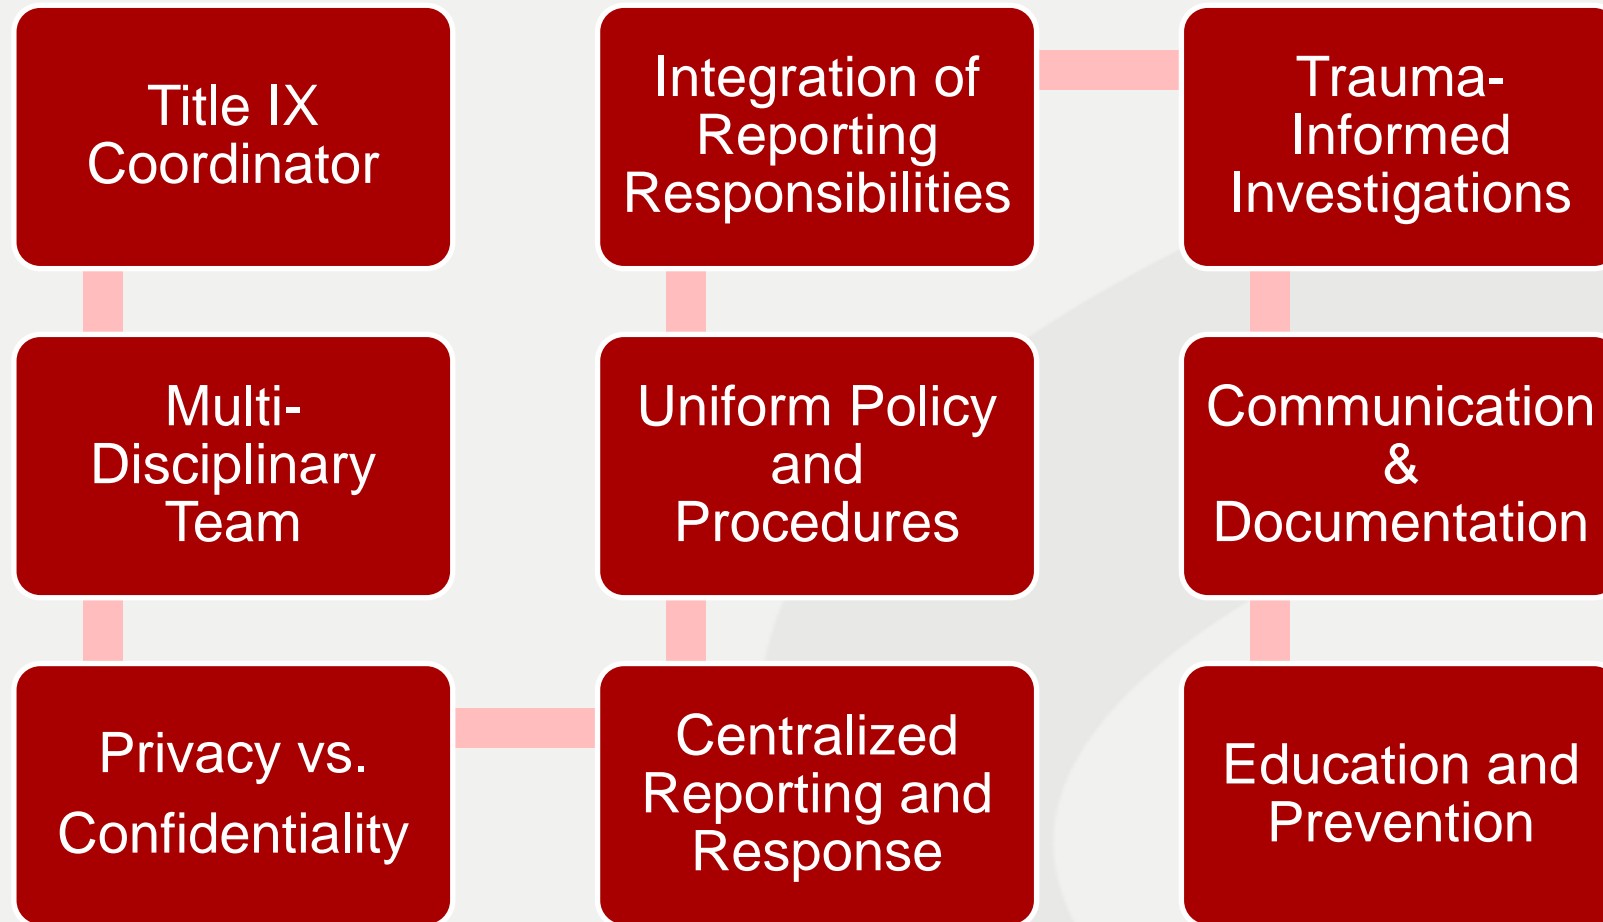

- The court held that requiring any enforcement in these states would constitute “irreparable harm.”
 - “Some circuits have concluded that compliance costs do not qualify as irreparable harm because they are an ordinary result of new government regulation. But the Sixth Circuit has declined to hold so broadly, concluding that it depends on the circumstances of the case. The plaintiffs have sufficiently demonstrated that **the compliance costs here are extraordinary due to the sweeping policy changes they are required to implement and the short timeframe in which they must do so**. And because the recovery of these costs would necessarily be barred, this factor weighs in favor of a finding of irreparable harm.”

Tennessee v. Cardona – Next Steps

1. The Department of Education could appeal the injunction to the Sixth Circuit, or
 2. There could be a trial on the merits of the 2024 regulations
- If an appeal is filed, it is likely that it would be expedited given the looming implementation deadline

SERVING WITHOUT CONFLICT OF INTEREST OR BIAS

Awareness of the Impact of Language

Identifying Our Own Biases

- What does sexual assault look like?
- Over-identifying with complainant or respondent
 - I would have...
 - If it was me...
 - That could have been me...
 - What were they thinking when...
 - What did they think was going to happen?
- Culture/diversity/world view

Diversity and Culture

- Sensitivity to language and bias in a variety of communities
 - LGBTQ+
 - Cultural differences
 - Race
 - Insular groups
 - 504/disability
 - Neurodiversity
- Reporting barriers
- Communication differences/impediments

Case Evaluation

- Nature of sexual and gender-based harassment and violence
 - Delay in reporting
 - Barriers to reporting and proceeding with formal action
 - Reluctance to report to law enforcement
 - Word-against-word credibility
 - Often involve the use of alcohol or other drugs
 - Often involve people who are known to one another
- Evaluate in the context of all available information

Disclosure

- A process where an individual reveals abuse or assault
- On-going, not a one time event
- Stages of Disclosure:
 - Denial
 - Tentative
 - Active
 - Recantation
 - Reaffirmation
- Triggers for Disclosure
 - Accidental – person's secret is found out
 - Purposeful – person makes decision to tell

Framing Difficult Questions

- Why frame?
- Difficult topics:
 - Alcohol or other drug use
 - Clothing
 - Body positions
 - How and whether consent was communicated

The Continuum Approach

ALCOHOL, DRUGS AND INCAPACITATION

The Role of Alcohol

- Central nervous system depressant
- Impairs cognition and psychomotor skills
- Progressively impairs all body functions
- Decreases inhibitions
- Impairs perceptions
- May cause blackouts or loss of consciousness
- May cause memory loss
- Effects exacerbated when mixed with other drugs
- Intoxication breeds vulnerability
- A person may be less likely to think someone is trying to sexually assault him/her
- A person intent on harming another may not need to use physical force
- A person may not realize incident has occurred
- A person may delay in reporting for multiple reasons
- No toxicological evidence of BAC/impairment level due to delay in report

The Role of Alcohol

- 80% to 90% of sexual assaults on campus are acquaintance rapes and involve drugs or alcohol.¹
- “Nearly half of America’s 5.4 million full-time college students abuse drugs or drink alcohol on binges at least once a month.”²
- 90% of campus rapes are alcohol related.³

1. DOJ, National Institute of Justice, 2005.

2. National Center on Addition and Substance Abuse at Columbia University 2007.

3. Bureau of Justice Statistics, 2000, National Commission on Substance Abuse at Colleges and Universities

Alcohol: Investigative Challenges

- Lack of memory
- Inability to give detail
- Person may have been unconscious or in and out of consciousness
- Delay in reporting because:
 - May not know event occurred
 - May not recognize it as lack of consent
 - Feeling of “contributory negligence”
 - Concerns over conduct policy consequences

Frame Questions Appropriately

- Be aware that questions about drugs and alcohol are often subject to misinterpretation
- Explain amnesty
- Commit to clarity on why you are asking
- Explain the reasons for your questions
 - Assessing for incapacitation
 - Evaluating the “lens” through which the party or witness observed the events (opportunity to see, hear, understand, and remember)
- Explain that you will ask similar questions of all witnesses
- Invite the witness to ask questions before you go further

Get Detailed Information

- Timeframe of consumption (first drink, last drink, spacing)
- Number of drinks
- For each drink:
 - Type (beer, wine, liquor – with specific brand, if possible)
 - Was it mixed with anything? Who mixed it?
 - How was it served? (Bar or restaurant will lead to more available information)

- Other factors that affect the impact of alcohol:
 - Food consumed before, during, and after and whether food intake was normal or abnormal for the person

 - Low hydration
 - History of blackouts

 - Any other effects

Get Detailed Information

- Other observations of Complainant (objective)
 - Observations of Complainant's consumption – when, where, what, who else was there?
 - Physical impairments
 - Cognitive impairments
 - Verbal impairments
 - Any other effects

Get Detailed Information

- Other information that can establish timeline, assist in assessing level of impairment, and can provide corroboration of either party's account:
 - History of relationship between the parties
 - Witness's knowledge of Complainant's sober behavior
 - Parties' communications or interactions with each other (compare pre- and post-incident)
 - Parties' descriptions of the incident to others – context, content, demeanor
 - Text/social media messages sent before, during, and after the incident

Considerations

Consideration	Why?
Avoid asking about intoxication on a scale (e.g. “from 1 to 10”)	<ul style="list-style-type: none"> • There is no universal understanding of what the numbers on the scale mean. • Instead, ask about the impacts of drugs or alcohol on a person physically, cognitively, verbally, and otherwise.
Avoid over-reliance on online BAC calculators in determining incapacity	<ul style="list-style-type: none"> • Without a blood or breath test, it is hard to pinpoint a person’s BAC, especially after the fact. • BAC is only one data point and does not correlate precisely to a person’s subjective experience or objective indicia of intoxication/incapacitation. • Use BAC when it is available; otherwise, rely on subjective and objective indicia of impairment.
Consider the observations of any sober witnesses with experience and/or training	<ul style="list-style-type: none"> • Medics, police, firefighters, and even trained security guards, volunteer EMS, and residence hall staff are generally sober, trained observers paying close attention. • May need to work with local agencies to secure participation and obtain records, if available.
Create and use a universal timeline	<ul style="list-style-type: none"> • Witness statements taken out of context do not help answer the critical question: whether the Respondent knew or should have known that the Complainant was incapacitated. • Create a visual timeline of events and highlight the timeframe the parties were in each other’s presence.

Creating a Universal Timeline

- Using information gathered in the investigation, create a timeline that captures both parties' actions and show the timeframe when they were in the same place (below in blue)

Complainant	Source(s)		Respondent	Source(s)
Complainant (C) and A "pre-gamed" at B's apartment. C drank three 1.5-ounce shots Jim Beam and ate three slices of pizza. C, A and B walked from B's apartment to second "pre-game" at D's apartment. C drank 2 shots of Ciroc Peach and threw up in D's sink. D and A took photos and posted them on Instagram. Considerations for Outcome Letter

- Lay out what each witness saw in chronological form
- Focus on what the Respondent knew or what a reasonable, sober person in Respondent's position would have known
- Pay close attention to what your reasonable, sober witnesses saw or did not see.
 - First responders: police, medics, student EMTs, public safety, RAs
 - Greek risk management officers “on duty” (but consider relationships/interest)

Considerations for Outcome Letter

- Consider whether it is necessary to find that Complainant was or was not incapacitated
 - Where the information supports that Complainant credibly reported their own memory loss, consider the impact of a finding that Complainant “was not incapacitated.”
 - Instead, may choose to write, “We find that there is insufficient evidence, by a preponderance of the evidence, to find that Respondent knew, or that a reasonable, sober person in Respondent’s position would have known, of Complainant’s potential incapacitation. We make that finding based on the following information...”

EVALUATING CREDIBILITY

Evaluating Credibility

Credibility Factors

- Assessing credibility factors:
 - Demeanor
 - Interest
 - Detail
 - Corroboration
 - Common sense
- Testing inherent plausibility in light of the known information, relationships, and circumstances of the disclosure

Demeanor

- Demeanor may be informative, not determinative
- Assessing demeanor requires individual assessment as to how demeanor supports or detracts from overall reliability of information
- Fact-finders should not place undue reliance on demeanor as an indicator of candor or evasion.
- Demeanor is one factor to observe in the context of the totality of the information

Demeanor

- Complainant/respondent may be affected by emotional component of sexual assault allegations
- Range of behaviors and emotional reactions vary
- Elicit and consider information from witnesses as to demeanor after the reported incident, during the disclosure, and in response to the report
- Note changes in demeanor and explanations for significant changes
- Consider demeanor during proceedings

Interest

- If Respondent and Complainant know each other:
 - Understand the context and history of any prior relationships
 - Understand significant events or markers in relationship
- Explore effects of incident:
 - Emotional: fear, intimidation, worry, anxiety
 - Actual: financial, time, participation in the process
- Is there any particular animus/motive/ill will for/or against any party or witness?

Interest

- How will the party/witness be impacted by their participation in the process?
 - Was information provided “against” interests?
- How will the party/witness be impacted by any particular outcome?
 - Will information shared impact current or future relationships?

Detail

- Explore all details of event – before, during, and after
- Surrounding details – seemingly insignificant facts that may have greater import
- Sensory details – using the five senses to describe the physical reality of the crime
- Behavioral changes and responses
- Emotional cues and indicators
- Listen for “ring of truth” language on the periphery
- Evaluate panoramic view of events from all parties/witnesses

Corroboration

- Freeze frame and explore critical junctures
- Cross-reference Complainant and Respondent accounts with all other evidence and witnesses' statements
- Look to attendant details and behavior pre- and post-incident by both parties
- Focus on resolution of conflicts through believable evidence and common sense
- Outline case by issue and cross reference with all available evidence including timelines

Corroboration

- Consider other attendant details such as:
 - Size, age, power, authority and/or social status differential for Complainant and Respondent
 - Location of incident
 - Isolation of Claimant
 - Potential witnesses or reasons for lack of witnesses
 - Any change in either party's demeanor, personality, or routine after the incident
 - E.g., roommate noticed that Complainant began wearing baggy clothes, stopped attending class regularly, ceased eating
 - E.g., friends noticed Respondent became withdrawn and went home every weekend

Evaluating Changes in Account

- Explore all circumstances of each account
- Understand the who, what, and where of the interview
- Ask the “why” (without asking why); questions to explore:
 - State of mind
 - Life circumstances at the time
 - Perception of interviewer/process
 - Changes in interest or motivation
- Inquire directly about inconsistencies
- Attempt to reconcile where possible

Disclosure

- A process where an individual reveals abuse or assault
- On-going, not a one time event
- Stages of Disclosure:
 - Denial
 - Tentative
 - Active
 - Recantation
 - Reaffirmation
- Triggers for Disclosure
 - Accidental – person's secret is found out
 - Purposeful – person makes decision to tell

Synthesis

- Testing inherent plausibility of the conflicting accounts in light of the known information
- How does it all fit together?
- Does it make sense in the context of:
 - These individuals?
 - The setting?
 - The community?
 - The activity?
 - The relationships?

Integrated Analysis

Dynamics of Sexual Assault	Informed understanding of dynamics of sexual and gender-based harassment and interpersonal violence.
Demeanor	Did the witness speak in a convincing manner? Was he/she uncertain, confused, self-contradictory or evasive? How did he/she look, act and speak while testifying / reporting?
Interest / Motive / Bias	Did the witness have any interest in the outcome of the case, bias, prejudice, or other motive that might affect his/her testimony?
Detail	Use direct quotes from testimony or statements. How well could the witness remember and describe the things about which he/she testified? Was the ability of the witness to see, hear, know, remember, or describe those things affected by youth or old age or by any physical, mental or intellectual deficiency?
Corroboration	How well did the testimony of the witness square with the other evidence in the case, including the testimony of other witnesses? Was it contradicted or supported by the other testimony and evidence?
Common Sense	Does it all add up? (Gut check) Is there something missing?

Questions to Consider: Credibility Generally

- As judges of the facts, you are sole judges of the credibility of the witnesses and their testimony
- This means you must judge the truthfulness and accuracy of each witness's testimony and decide whether to believe all, or part, or none of that testimony
- The following are some factors that you may and should consider when judging credibility and deciding whether to believe or not to believe testimony

Questions to Consider: Detail

- Was the witness able to see, hear, or know the things about which they testified?
- How well could the witness remember and describe the things about which they testified?
- Was the ability of the witness to see, hear, know, remember, or describe those things affected by youth or old age or by any physical, mental, or intellectual deficiency?
- Were there inconsistencies or discrepancies in the witness's testimony?

Questions to Consider: Interest

- Did the witness have any interest in the outcome of the case, bias, prejudice, or other motive that might affect their testimony?
- Did the witness stand to receive any benefit from a particular outcome?

Questions to Consider: Demeanor

- Did the witness testify in a convincing manner?
- How did the witness look, act, and speak while testifying?
- How did the witness's nonverbal communications (posture, gestures, facial expressions, eye contact) match their verbal communications (voice, expression)?
- Was the testimony uncertain, confused, self-contradictory, or evasive?

Questions to Consider: Corroboration

- How well did the testimony of the witness square with the other evidence in the case, including the testimony of other witnesses?
- Was it contradicted or supported by the other testimony and evidence?

Questions to Consider: Common Sense

- Does it make sense?

Credibility Considerations from OCR

1997 Sexual Harassment Guidance

If there is a dispute about whether harassment occurred or whether it was welcome -- in a case in which it is appropriate to consider whether the conduct could be welcome -- determinations should be made based on the **totality of the circumstances**. The following types of information may be helpful in resolving the dispute:

- **Statements by any witnesses** to the alleged incident.

...

(continued on next slide)

Credibility Considerations from OCR

(1997 Sexual Harassment Guidance continued)

- **Evidence about the relative credibility** of the allegedly harassed student and the alleged harasser. For example, the level of **detail and consistency** of each person's account **should be compared** in an attempt to determine who is telling the truth. Another way to assess credibility is to see if **corroborative evidence is lacking where it should logically exist**. However, the absence of witnesses may indicate only the unwillingness of others to step forward, perhaps due to fear of the harasser or a desire not to get involved.

...

Credibility Considerations from OCR

(1997 Sexual Harassment Guidance continued)

- **Evidence that the alleged harasser has been found to have harassed others** may support the credibility of the student claiming the harassment; conversely, the student's claim will be weakened if he or she has been found to have made **false allegations against other individuals.**

...

Credibility Considerations from OCR

(1997 Sexual Harassment Guidance continued)

- Evidence of the allegedly harassed student's **reaction or behavior after the alleged harassment.**
 - For example, were there **witnesses who saw the student immediately after the alleged incident** who say that the student appeared to be upset?
 - However, it is important to note that **some students may respond to harassment in ways that do not manifest themselves right away**, but may surface several days or weeks after the harassment.
 - For example, **a student may initially show no signs** of having been harassed, but several weeks after the harassment, there may be significant changes in the student's behavior, including **difficulty concentrating on academic work, symptoms of depression, and a desire to avoid certain individuals and places at school.**

Credibility Considerations from OCR

(1997 Sexual Harassment Guidance continued)

- Evidence about whether the student claiming harassment filed a complaint or **took other action to protest the conduct** soon after the alleged incident occurred. However, failure to immediately complain may merely reflect a fear of retaliation or a fear that the Claimant may not be believed rather than that the alleged harassment did not occur.

...

Credibility Considerations from OCR

(1997 Sexual Harassment Guidance continued)

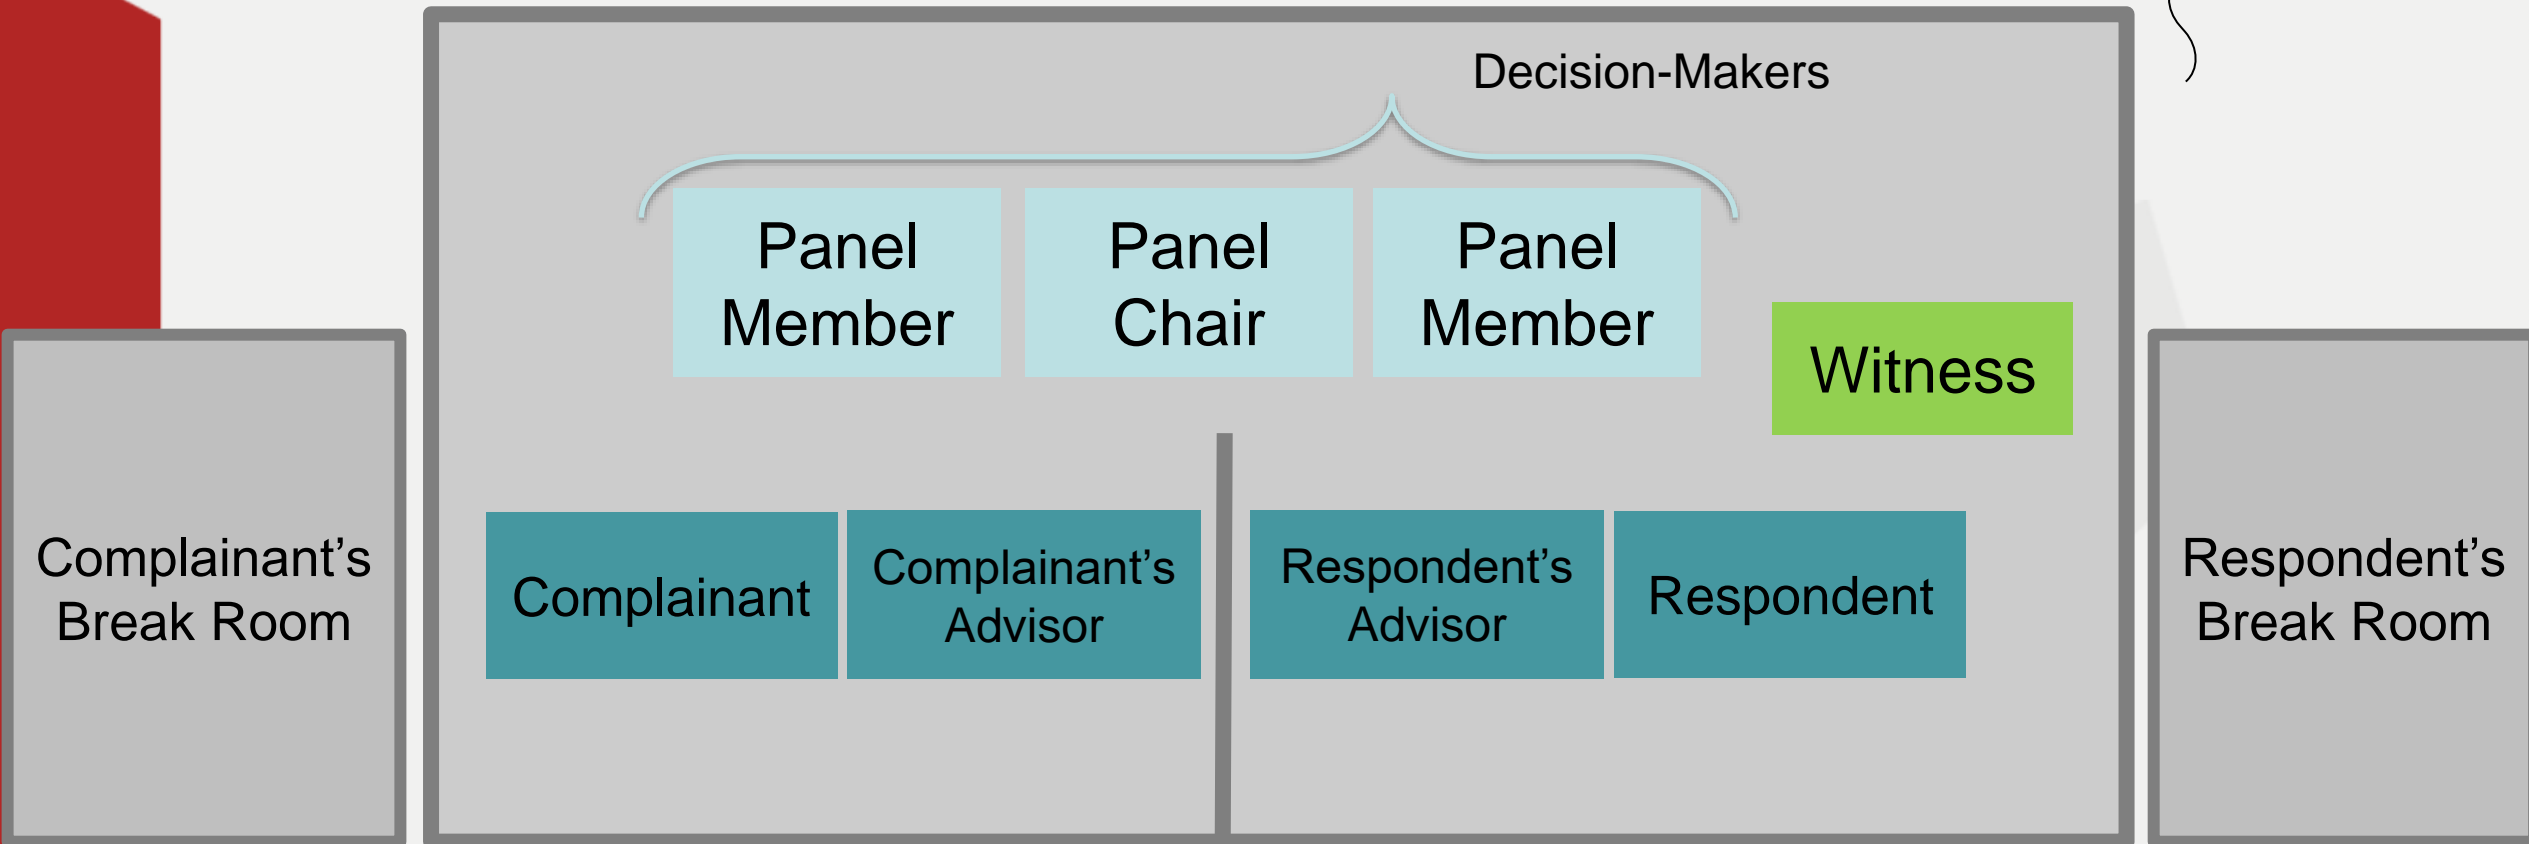

- Other **contemporaneous** evidence. For example, did the student claiming harassment write about the conduct, and his or her reaction to it, soon after it occurred (e.g., in a diary or letter)? Did the student tell others (friends, parents) about the conduct (and his or her reaction to it) soon after it occurred?

Mapping the Policy Elements & Case Facts

- **Stalking**

- ...[E]ngaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for their safety or the safety of others or suffer substantial emotional distress.

Mapping the Policy Elements & Case Facts

Blue type = Complainant's account

A course of conduct

- Followed after class on September 3
- 67 unwelcome texts (October 30 – September 3)
- Used cloning app to get around being blocked (September 4)

+

directed at a specific person

- Yes (Complainant)

+

- Complainant expressed safety fear because Respondent was unpredictable and made specific threats toward Complainant and Complainant's new partner.

* These case facts are fictional and were developed for training purposes

Mapping the Policy Elements & Case Facts

Orange type = Respondent's account

A course of conduct

- Did not follow on September 3; always walk that way.
- Complainant responded positively to many of the texts; never said they were unwelcome.
- Used cloning app because thought blocking must have been a mistake.

+

directed at a specific person

- Yes (Complainant)

+

that would cause a reasonable person to fear for their safety or the safety of others

or

that would cause a reasonable person to suffer substantial emotional distress

- A reasonable person would not have felt in fear for their safety. I just wanted an explanation as to why our relationship ended. No threats made or implied.

Witness Accounts

Witness Name	Relationship to Complainant	Relationship to Respondent	Relevant Information	Questions to Ask at Hearing

Said Respondent never walks that way.	<ol style="list-style-type: none"> 1. Did you and Respondent ever discuss that you saw him following Complainant after class? 2. What was Complainant's demeanor when she said, "He's following me?"

HEARING PRACTICES

Sample Hearing Overview

1. Panel Chair opens and establishes rules and expectations
2. Opening Statements
3. Panel questions Complainant
4. Cross-Examination of Complainant by Respondent's Advisor
5. Panel questions Respondent
6. Cross-Examination of Respondent by Complainant's Advisor
7. Panel questions Witness 1
8. Cross-Examination of Witness 1 by each party's Advisor
[Repeat 7 and 8 for each witness]
9. Closing Statements

Sample Outline of Introductory Remarks

- Hearing is being recorded
- Introduction of those present and their roles
- Remind all participants about the Rules of Decorum, Advisors' roles
- Hearing will include opening statements, questioning by the panel, and then questions from the parties
- Only those questions that seek relevant information may be asked
- The potential policy violation(s) at issue in the hearing are...
- Pursuant to our procedures, the Respondent is presumed to be not responsible. A finding of responsibility must be supported by a preponderance of the evidence.

Sample Outline of Introductory Remarks

- If the Respondent is found responsible, the Panel will make a determination on the appropriate sanctions and remedies.
- Sanctions and remedies are designed to eliminate prohibited conduct, prevent its recurrence, remedy its effects, and restore or preserve the Complainant's equal access to education programs and activities while supporting the College's mission.
 - Sanctions may include educational, restorative, rehabilitative, and disciplinary components.
 - Some conduct is so egregious, harmful to the individuals involved, and/or so deleterious to the educational process that it requires severe sanctions including suspension or expulsion.
 - In determining the appropriate sanction, the hearing officer may consider factors including, but not limited to:
 - (List factors)

Sample Outline of Introductory Remarks

- Statements made during the hearing are governed by the College's [honor code/code of conduct]. All College community members are expected to provide truthful information in any report or proceeding. Submitting or providing false or misleading information in bad faith or with a view toward personal gain or intentional harm to another is prohibited and subject to disciplinary action.
- Do you (parties and advisors) agree to uphold the Rules of Decorum?
- Any questions?
- (Addressing Complainant and Respondent individually) Do you promise that the statements you make during this hearing will be truthful?

What to Ask

- Do I need to know the information?
- When questions arise, it can be helpful to walk yourself through the following set of questions:
 - Will an answer to my question help me decide the appropriate outcome or sanction?
 - Will getting an answer to this question influence my decision?

The Continuum Approach

Questioning

- Recognize the impact of trauma and stress on memory
 - Allow the witness to give a narrative
 - Use open-ended free recall questions
 - Build in an opportunity for follow up

Evidentiary Concepts

- Of consequence
- Makes a material fact more or less likely
- Includes inculpatory and exculpatory information

**Relevant
Information**

- Prior sexual behavior of a Complainant (unless exception applies)
- Privileged information (where there is no waiver of privilege)

**Irrelevant
Information**

- Consider:
- Credibility
 - Reliability
 - Timing
 - Centrality

Weight

Evidentiary Concepts

Relevance/Irrelevance addresses **whether** the Panel should consider the information.

- Of consequence
- Makes a material fact more or less likely
- Includes inculpatory and exculpatory information

Relevant Information

- Prior sexual behavior of a Complainant (unless exception applies)
- Privileged information (where there is no waiver of privilege)

Irrelevant Information

Consider:

- Credibility
- Reliability
- Timing
- Centrality

Weight

Evidentiary Concepts

Weight addresses how and to what extent the Panel should consider the information

- Of consequence
- Makes a material fact more or less likely
- Includes inculpatory and exculpatory information

Relevant Information

- Prior sexual behavior of a Complainant (unless exception applies)
- Privileged information (where there is no waiver of privilege)

Irrelevant Information

- Consider:
- Credibility
 - Reliability
 - Timing
 - Centrality

Weight

Per Se Irrelevant Information

- Prior sexual behavior of a Complainant (unless exception applies)
- Privileged information (where there is no waiver of privilege)

Irrelevant
Information

- Questions and evidence about the **Complainant's sexual predisposition or prior sexual behavior** are not relevant, unless offered:
 - To prove that someone other than the respondent committed the conduct alleged by the complainant, or
 - To prove consent, if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent.
- Information protected by any **legally recognized privilege** cannot be used without that party's voluntary, written consent.

Relevant Information

- Of consequence
- Makes a material fact more or less likely
- Includes inculpatory and exculpatory information

Relevant
Information

- The investigation report fairly summarizes all relevant information.
- At the hearing, the parties have the opportunity to challenge the investigator's (implicit) determinations as to relevance.
- The parties and their advisors must have access to all of the information that the investigator gathered that is directly related to the allegations (broader category than what the investigator deemed relevant).
- In determining which questions to permit in the hearing, the Panel Chair must consider whether the question seeks relevant information.
- Blanket exclusions are no longer permitted. Instead, the Panel must be guided by relevance.

Relevance of Prior or Subsequent Conduct

- Intent/knowledge/state of mind
- Motive
- Opportunity
- Lack of mistake
- Pattern
- Identity
- Information that is inextricably interwoven with the facts

Framing Difficult Questions

- Why frame?
- Difficult topics:
 - Alcohol or other drug use
 - Clothing
 - Body positions
 - How and whether consent was communicated

Weight

Consider:

- Credibility
- Reliability
- Timing
- Centrality

Weight

- Weight is a distinct concept
- When considering what weight to give to a piece of information, consider:
 - Credibility factors
 - Quality and quantity
 - Overall importance to the determination (centrally important versus peripherally important)
 - Totality of the circumstances

Hearing Panel Conduct

- Be alert to your non-verbal communication
- Pay attention to tone of voice and volume level
- Avoid asking questions that imply a value judgment
- Maintain attentive posture and good eye contact
- Exercise reflective listening in framing next question

Standard of Proof

Beyond a Reasonable Doubt

Clear and Convincing Evidence

Preponderance of the Evidence

Some Evidence

Personal Presentation: Be Objective

- Identify and set aside personal biases and prejudices
- Be careful to avoid making assumptions as to how a person “should” react
- Avoid putting oneself in the shoes of the complainant or the respondent
- Recognize emotional impact, if any, but do not allow emotion to impact fair and impartial fact-finding

Personal Presentation: Be Professional

- Maintain an appropriate demeanor at all times
- Be polite and respectful to all parties
- Maintain appropriate sensitivity to presentation of difficult information
- Prepare for the hearing by reading and annotating all materials
 - Outline areas of inquiry
 - Consider wording of questions ahead of time

DETERMINATION REGARDING RESPONSIBILITY

Deliberation Techniques

- Discuss ground rules and manner of deliberation in advance
- Be respectful to your fellow panel members
- Each panelist has an equal voice, irrespective of role on campus
- Be willing to listen to the perspective of the other panelists

Deliberation Techniques

- Gather all documents and exhibits in advance
- Use cross-referencing grids/matrices
- Identify specific elements of alleged misconduct from policy definitions
- Begin by identifying areas of agreement as to evidence
- Identify conflicts and prioritize
- Discuss each conflict individually
- Articulate your position and support it from the evidence

Determination Regarding Responsibility

- Includes:
 - All factual findings
 - Credibility determinations
 - Finding, by a preponderance of the evidence, of whether the conduct occurred
 - Finding of whether the conduct violated any institution policies
 - Recommendation for sanctions

Determination Regarding Responsibility

- Begin with introduction of parties, relationship to one another relationship to the institution
- Describe when and how report was received
- Outline basic nature of report as presented by the complainant
- Outline response to the report by the respondent
- Specify policy violations at issue
- Outline information presented at hearing
- State finding and rationale for finding
- State recommended sanction and rationale (If applicable)

Determination Regarding Responsibility

- Outline areas of agreement/disagreement (areas where the information is contested/not contested)
- Include timeline for synthesis and analysis of facts
- If making determinations of credibility or findings of fact:
 - Tie discussion and rationale to the elements of the potential policy violations
 - Identify the elements
 - Identify the evidence that supports/rebutts the establishment of the elements
 - Evaluate and analyze credibility factors

Determination Regarding Responsibility

- When making the determination of responsibility
 - Make finding as to sufficiency, by a preponderance, to support finding of responsibility
 - Sufficient or insufficient
 - NOT a finding by a preponderance that event did not occur
 - Must provide rationale
 - Can be concise, but must communicate salient elements of finding
 - Again, comment on evidence, not the people
 - Avoid extraneous and tangential comments
 - Remain closely tied to the facts and reasonable inferences

SANCTIONS

Key Elements for Good Sanctioning

- Imposition of sanctions is designed to:
 - eliminate prohibited conduct, prevent its recurrence, and remedy its effects;
 - support the College’s educational mission and federal obligations.

Sanctioning Considerations

- Severity of conduct
- Prior policy violations
- Must be proportionate to the violation

Key Elements for Good Sanctioning

- Sanctions may include:
 - educational, restorative, rehabilitative, and punitive components.
 - Some conduct, however, is so egregious in nature, harmful to the individuals involved , or so deleterious to the educational process that it requires severe sanctions, including suspension or expulsion.
